27TH FEBRUARY 1891, No. 554 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From W. P. AUSTIN, Esq., C.S., Chairman, Harbour Trust Board, to the Chief Secretary to Government, dated Madras, 16th February 1891, No. 1691.

I have the honor to inform you that, at their meeting on Friday last, the Trustees of the Harbour had before them an estimate, submitted by their Engineer, amounting to Rs. 1,55,462, for protecting the foreshore to the north of the harbour, and it is understood that the Chief Engineer, Public Works Department, is of opinion that the work should be taken in hand at once to prevent the loss of the sand, which has accumulated during the past north-east monsoon and which, unless secured, will commence to erode on the change of the current during April next.

2. The estimate and Mr. Pogson's explanatory letter are being printed for the information and orders of Government and will be submitted at a very early date, but, as railway material is required for the extension of the line to carry rubble from the quarries, I am requested by the Trustees to apply for the permission of Government to the expenditure of about Rs. 18,000 for this purpose and to secure the end of the existing rubble revetment.

Approved and transferred to the Public Works Department.

Fort St. George,
23rd February 1891.

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 27th February 1891, No. 554 W., Public Works.

The expenditure of Rs. 18,000 in the manner proposed is sanctioned in anticipation of orders on the estimate for protecting the foreshore to the north of the harbour.

Sir,

I have the honor to inform
you that at their meeting on
Friday last the Trustees of the Harbour
had before them an estimate
submitted by their Engineer amount-
ing to Rupees 15,5462 for protecting
the foreshore to the north of the
Harbour: and it is understood that
the Chief Engineer, Public Works Depart-
ment, is of opinion that the work
should be taken in hand at once, to
prevent the loss of the sand which
has accumulated during the past
North East Monsoon, and which
unless secured will commence to
erode

note on the change of the current
during April next.

2. The Estimate and Mr. Poyson's
explanatory letter is being printed
for the information and orders of
Government, and will be submitted
at a very early date: but as railway
material is required for the extension
of the line to carry rubble from the
quarries, I am requested by the
Trustees to apply for the permission
of Government to the expenditure
of about Rupees 18,000/- for this purpose
and to secure the end of the existing
rubble revetment.

N. of Cassimode has
not reached him!
He told me that it
means a loss of half
at least - why has he
not been informed?

Statement. I marked the paper "Soon"; and it was treated emergently in the office. Whatsoever delayed, took place outside our office: e.g. the Marine Dept. had it from the 16th to the 23rd on which latter date it was simply endorsed over to this Dept for consideration. The consideration did not take as long, for the draft ^{order} went out on the day of receipt of the paper viz 24th Feby. The Press also had the paper 6 days.

I am glad I find
there has been no
delay in your office
