Note. 590/1

In G. O. No: 295 W dt/30 January 1891 the cost of the iron tank procured for the water supply of the Lawrence Asylum at Ootacamund was ordered to be met from Provincial Funds. As however there is a proposal for the tank being utilised in the workshop for the Madras College of Engineering, the cost may for the present be charged to "Stock and suspense" and finally debited to the head of account to which the work on which the tank may be used is chargeable. Draft order approving the Examiner's suggestion is therefore submitted for approval.
