24TH MARCH 1891, No. 867 W., PUBLIC WORKS.

867
1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General
Establishment.

READ—the following papers:—

No. 1741 T.

Note by the Chief Engineer for Irrigation.

The accompanying statement of special establishment required for investigation in the Tank Restoration Scheme from 1st March 1891 to 28th February 1892 is forwarded to the Chief Engineer, Public Works Department, with reference to his memorandum No. 3965 C., dated 2nd October 1890.

2. The only change which it is proposed to make in the arrangement of the parties is as follows. The two sub-parties, known as No. VII Party, working under the Executive Engineers, Godavari Eastern and Western divisions, will be transferred to a party to be formed for the Kistna district in accordance with G.O. No. 363 I., dated 30th June 1890. This party will be known as No. VII Party, and will, like the other full parties, work directly under the orders of the Chief Engineer for Irrigation, Tank Restoration Scheme.

3. The total cost of special establishment now proposed is Rs. 63,780, or Rs. 6,256 in excess of that provided for the current year, the increase being due to the formation of an independent party instead of the two sub-parties attached to the Godavari Eastern and Western divisions.

4. The appointment of the eight extra overseers for the supervision of Tank Restoration Scheme execution, asked for in this office note No. 2338, dated 9th December 1889, has resulted in a proportionate amount of the Tank Restoration Scheme grants being utilised in the various divisions up to date, and it is considered advisable that the same number should be employed with one more temporary overseer to be attached to the VI Circle for employment on Tank Restoration Scheme works in Tinnevely district, where there will be a considerable expenditure next year.

1st November 1890.

(Signed) G. T. WALCH,
Chief Engineer for Irrigation,
Tank Restoration Scheme.

To the Chief Engineer, Public Works Department,
General and Road and Building Branch.
