Accommodation was provided last year for the ~~Eng~~ students in the Periyar divisions, but the Am. said it was to be sanctioned as a special case - vide go. no 4094 of 7.2.20

For orders whether similar accommodation can be provided for the students of the present year in the II Periyar -

Students undergoing practical instruction elsewhere are not provided with accommodation -

In the present case, the student asks to be paid Rs. 4 per mensem in lieu of quarters, but this cannot be given under any rule. - C. 21/

With reference to your endorsement
 No. 183, P. R. on my No. 137 dated 16.2.91.

 I have the honor to state as follows:-

1. The place occupied by the last
 year's Engineer student Mr. J. M.
 Lacey is a local mud chattram
 to which slight repair was then
 done out of Provincial funds -
 It has since been thrown into bad
 repair and not in a condition
 to be occupied by the present
 Engineer student.
2. Last year Rs 150 were provided
 from Provincial funds so as to
 give accommodation to the two
 students posted to this division
 and accordingly two sheds, each
 at a cost of Rs 75/- were erected
 one at Ramarajapuram and the
 other at Vadiputty (both being in

the A subdivision -

3. With regard to para 3, I have the honor to state that the Engineer student can get a house in the village conveniently situated as regards his work.

4. Under the circumstances, I have the honor to recommend that a rent of Rs 4 per mensem may be granted to the one student and Rs 45/- to build a shed at Manay for the other.

Sir, I beg to state that as a brahmin I cannot put up in quarters far removed from the village and moreover they say there is fear of thefts if I were to put up in a shed which could only be close by the line on a solitary site. Consequently I beg to state that if about half the amount allotted for the erection of the shed (which would only be a temporary one scarcely lasting for more than a year), were to be allowed me as rentage, seeing

973/3A

Seeing that the quarters
wherein I mean staying,
though situated in a village
yet are close by the line
itself, there would in all
probability, be no room
for me to complain of
thefts and inconvenience
etc.

I beg to remain

SIR,

ENCLOSURES. 2

Referring to para 7 of your Circular
No. 5306/C dated 14th November 1889 re-
lating to providing accommodation
for Engineer students; I have the honor
to forward copy of letter No. 137 of 16th
ultimo from the Executive Engineer
N. H. Bryar division and its enclosure
from which you will see that Engineer
student S. R. Ramaswami Aiyer re-
fuses to occupy quarters similar
to those provided last year for the
Engineer student attached to the
division, and suggests that half the
amount provided for building a shed
may be paid to him and permission
given to him to live in a neighbouring
village -

2. I should explain that in a letter dated 26th ultimo the Assistant Engineer reports that the building occupied last year by Mr. Lacey, Engineer student is a chuttrun and is now not fit for occupation, and consequently he suggests that Ramaswami Aiyar should be permitted to live in the village allowing him Rs 4 per month for house rent, as the village is convenient to the Works. Mr. Cartier further suggests that a shed should be constructed at Perangy at a cost of Rs 75 for the use of the other Engineer student attached to his division.

3. I beg however to suggest for your consideration whether it is necessary to provide accommodation at all for these students. In all other divisions, except No. 1 Pargah, where there are no villages, accommodation is not provided for

973/5

Engineer students. Consequently I think the Engineer students attached to No. 2. Pargah division cannot reasonably claim free quarters or house rent.

There is no rule under which Engineer students are entitled to free accommodation, or compensation in lieu of accommodation. Engineer student S.K. Ramasawmy Iyer is therefore not entitled to the rent of Rs.4 claimed in lieu of quarters. If it is proposed to give compensation in such cases the sanction of the Government of India will be necessary.
