PUBLIC WORKS DEPARTMENT.

Establishment.

READ—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 17th February 1891, No. 625 N.L.

I have the honor to forward, herewith, a statement of proposition for revision of permanent establishment—water regulation establishment—of the Pennér anicut system at Nellore for your approval and sanction of Government.

2. The increase now applied for is only Rs. 7½, which is due to the salaries of the Anicut and Delta Superintendents' clerks being proposed to be graded (instead of being fixed as they now are) like those of the clerks allowed for the Sangam anicut. I request that the necessary provision be made in the final issue of the Provincial budget for 1891-92.
