THE PRINCIPAL MEDICAL STOREKEEPER.

THE

Secretary to the
Surgeon General

with the Govt. of Madras

Sir, Your No 836 of 8th inst. regarding this office
 780 of 12th June 1883 has been received with one enclosure
 herewith returned.
 Referring to
 Registrar.

I have the honor to inform you that the existing accommodation in almost all depôts in the Medical Stores Depot is too small, and that the additions I referred to in my letter N^o 780 of 12 June/93 will fall in with my plan for reorganising the working of the Depot, which plan shall form the subject of another communication in answer to your N^o 4839 of 9 Aug/93.

2. I send a rough plan of the Depot. A is a good adjoining the Fluid Dept. This is a weak spot which favors throwing. The Surgeon General himself suggested its being roofed in. At present all access to it from the Fluid Dept. is shut off. B is a spare corner which if walled and roofed in, would increase the Laboratory accommodation which is much needed. The Laboratory is on the ground floor below the Hensel Dept. C & D are roofs of ground-floor buildings which might have a first floor built

on them.

E is a corner at the end of the bottle padown
which might be roofed in as bottle
accommodation is sorely needed.

F is a space which may be occupied
by a shed, as a third shed will be
very useful.

The Consulting Architect to
Govt has ordered a plan of the Depot
to be made.

Have the honor the
Yours faithfully
