GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 14th July 1891, No. 3973.

With reference to G.O., No. 1494 W., of 1st June 1891, passing orders regarding the charge and maintenance of the European Infantry lines at Trichinopoly and of portions of the building utilized by Civil departments, I would point out that, under the rules in Code para. 1041 (6), the sanction of the Government of India will be required to the occupation of quarters rent-free by the pensioners referred to in para. 3 of the Government Order quoted above if the arrangement is to be continued.

2. The buildings should be brought on Executive Engineer's monthly return of buildings rented and available for rent whether rent is charged or not.

3. The estimate for conversion of a portion of the buildings for quarters for the Reserve Inspector and two European constables will require consideration with reference to rules in Code para. 985.

G.O., dated 18th July 1891, No. 4008, Military.

Proceedings of Government, Public Works Department, dated 1st June 1891, No. 1494 W.

From the Quartermaster-General, to the Secretary to Government, Military Department, dated 3rd July 1891, No. 1525 M.W.

In returning, as requested, the correspondence referred to this office with Military Department No. 3433 of the 19th ultimo, I am desired, in reply, to say that the Commander-in-Chief considers there would be no objection to the buildings in the European Infantry lines at Trichinopoly referred to being altered, as proposed, at the cost of Provincial funds, and placed at the disposal of the Police and Salt Departments, to be utilized in the manner indicated, on the understanding that, should they ever again be required for military purposes, which, however, is very unlikely, the buildings be handed back to the Military authorities on reasonable notice being given, and, if necessary, in the same condition as at present.

2. With regard to para. 3 of G.O., Public Works Department, No. 1494 W., of 1st June 1891, I am to say that the pensioners having been permitted by the Military authorities, with the original approval * of Government, to occupy certain quarters rent-free, His Excellency considers no alteration should be made in the conditions of occupation so far as present occupants

* *Vide* Proceedings of Madras Government, No. 631, of 28th January 1880.

are concerned; but, as regards future applicants for quarters, Sir James Dormer would leave the question as to whether a small rental is to be charged or not for the decision of the Public Works Department.

Order—dated 18th July 1891, No. 4008, Military.

Communicated to the Public Works Department with advertence to paras. 2 and 3 of O.G., No. 1494 W., dated 1st June 1891.

(True Extract.)

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

Order—dated 24th August 1891, No. 2282 W., Public Works.

These papers relate to the proposed utilisation of certain military buildings at Trichinopoly which have been made over to the Public Works Department for use for civil purposes.

2. The following estimates have been submitted:—

(1) Altering a wing of the barracks to accommodate a European Reserve Inspector of Police and three head constables, Rs. 1,680.

(2) Altering a wing to provide office accommodation for the Deputy Commissioner and two Inspectors of the Salt and Abkári Department, Rs. 810.

(3) Converting barracks into 17 blocks to provide quarters for pensioners on payment of rent, Rs. 360.

With regard to (1), the Examiner points out in his office-note No. 3973, dated 14th July 1891, that the estimate will require consideration with reference to the rules in para. 985, Public Works Code. To ascertain whether the rates of rent to be paid by the Police Inspector and the constables fall within the rules, it will be necessary to obtain the value of the portion of the building to be occupied by each man, and to this must be added a proportionate share of the estimate of Rs. 1,680 for improvements. The Superintending Engineer has already been called on to supply the requisite information.

4. The cost of work (2) will fall on Imperial funds, Civil works. The estimate of Rs. 810 is accordingly sanctioned * against this head, but the execution of the work must be deferred pending an allotment of funds for which application will be made to the Government of India.

* Registered as Imperial No. 5 W. of 1891–92 and classified as Civil Buildings (Salt), Original Works.

5. As regards the pensioners' quarters, it is observed that, under orders in the Military Department, No. 631, dated 28th January 1880, a number of pensioners were permitted to live in the barracks rent-free on condition that they kept them clean. The Executive Engineer now proposes to spend Rs. 360 in dividing the barracks into suitable blocks and to charge rent at Rs. 3 per mensem to each occupant. The Superintending Engineer does not, however, support this proposal, as he considers Rs. 3 rather a high rent and that it would be very difficult to collect even a lower rate. His Excellency the Commander-in-Chief would make no alteration in the conditions of occupation so far as present occupants are concerned; but, as pointed out by the Examiner, the sanction of the Government of India will be needed to any relaxation of the rules for the assessment of rent for public buildings occupied as private quarters, the matter will be referred to that Government with the recommendation that existing occupants be charged rent calculated on the improvements now

proposed and that future occupants be required to contribute Rs. 2 per mensem for each quarter. The estimate of Rs. 360 for alterations to the quarters will meanwhile be held in abeyance.

(Here enter No. 2283 W., dated 24th August 1891.)

READ the following :—

Office Note from the Escam[r]. P.W. Accts: N[o] 3973. dy 14 July 91.

Proc. of Govt. Military Dept: N[o] 4008 dated 18[th] July 1891.

FOR ORDERS.

These papers relate to the proposed utilisation of certain Military buildings at Trichinopoly which have been made over to the Public Works Department for use for civil purposes - vide G.O. N[o] 1494 W dated 1[st] June 1891

The following estimates have been submitted :—

(1) Altering a wing of the barracks to accommodate a European Reserve Inspector of Police and three Head Constables, Rs 1680.

(2.) Altering a wing to provide office accommodation for the Deputy Commissioner and two Inspectors of the Salt and Abkari Dep[t], Rs 810/-

(3) Converting barracks into

17.

17 blocks to provide quarters for pensioners as a payment of rent.

With regard to (1) the Examiner points out in his office note No. 3973 dy 12th July 1891 that the estimate will require consideration with reference to the rules in para 985 P.W. Code. To ascertain whether the rates of rent to be paid by the Police Inspector and the Constables fall within the rules it will be necessary to obtain the value of the portion of the building to be occupied by each man and to this must be added a proportionate share of the estimate of Rs 1650/ for improvements.

The necessary inquiry has been made by official memo.

(2) The cost of this work will fall on Imperial funds, Civil works, not Provincial as stated in G.O. No. 1494 W dated 12th June 1891. It is proposed to make application to the Government of India for the necessary allotment.

(3) It is with regard to estimate

3282-23/8

+ Vide - F.D. No. 2688 dy 3.12.90.

estimate No. (3) that orders are more especially required.

A number of pensioners have already been permitted by the Military authorities to live in the barracks rent free on condition that they keep them clean. The Executive Engineer proposes to spend Rs 360 in dividing the barracks into suitable blocks and to charge rent at Rs 3/- per mensem to each occupant. The Superintending Engineer does not support this proposal, as he considers Rs 3/- rather a high rent and that it would be very difficult to collect even a lower rate.

His Excellency the Commander-in-Chief considers that no alterations should be made in the conditions of occupation so far as present occupants are concerned, but as regards future applicants for quarters he leaves for decision in the P.W. Dept. the question whether a small rent should or should not be charged.

The Examiner points out that if the arrangement of rent free occupation is to be continued, the sanction of the

the Government of India will be required under para 152 (1) (6) P.W. Code.

It is proposed therefore to apply to the Government of India for sanction to the arrangement.

Orders are solicited

(1) whether the estimate of Rs 360 shall be carried out and

(2) whether any rent is to be demanded from future applicants of the pensioner class for quarters in the barracks.

If a rent is to be demanded it may be well to ask the sanction of the Govt of India to a fixed minimum rate of say Rs 2/- per mensem for each quarter.

P.W.D. 17.8.91.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Office note from the Examiner, P.W. accts, No: 3973 d/ 14th July 1891

Proceedings of Government No: 1008 dated 18th July 1891 —

These papers relate to the proposed utilisation of certain Military buildings at Trichinopoly which have been made over to the Public Works department for use for civil purposes.

2. The following estimates have been submitted: —

(1) Altering a wing of the barracks to accommodate a European Reserve Inspector of Police and three head Constables. Rs 1680.

(2) Altering a wing to provide

Office

office accommodation for the Deputy Commissioner and two Inspectors of the Salt and Abkari Department Rs 810/-

(2) Converting barracks into blocks to provide quarters for pensioners on payment of rents Rs 360/-

3. With regard to (1) the Examiner points out in his Office Note No: 3973 d/14th July 1891 that the estimate will require consideration with reference to the rules in para 985 P.W. Code. To ascertain whether the rates of rent to be paid by the Police Inspector and the Constables fall within the rules it will be necessary to obtain the value of the portion of the building to be occupied by each man, and to this must be added a proportionate share of the estimate of Rs 1680/- for improvements. The Superintending Engineer has already been called on to supply the requisite information.

(2) The cost of the work will fall on Imperial funds, Civil works. The estimate of Rs 810 is accordingly* sanctioned against this head, but the execution of the work must be deferred pending an allotment of funds for which application will be made to the Government of India.

4. As regards the pensioners' quarters, it is observed that under orders in the Military Department, No: 631 dated 28th January 1880 the number of pensioners

2282-3/10

* registered as Imperial No 5 W of 1891-92 and classified as Civil Buildings (Salt) Original Works.

pensioners were permitted to live in the barracks rent free on condition that they kept them clean. The Executive Engineer now proposes to spend Rs 360 in dividing the barracks into suitable blocks and to charge rent at Rs 3/- per mensem to each occupant, the Supdg: Engineer does not, however, support this proposal, as he considers Rs 3/- rather a high rent, and that it would be very difficult to collect even a lower rate. His Excellency the Commander-in-Chief would make no alteration in the conditions of occupation so far as present occupants are concerned. But, as pointed out by the Examiner, the sanction of the Government of India will be needed to any relaxation of the rules for the assessment of rent for public buildings occupied as private quarters, the matter will be referred to that Government, with the recommendation that existing occupants be charged rent calculated on the improvements now proposed, and that future occupants be required to contribute Rs 2/- per mensem for each quarter.

5. The estimate of Rs 360/- for alterations to the quarters will meanwhile be held in abeyance.
