GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—office-note from the Public Works Department, dated 13th August 1891, No. 688-D, communicating to the Revenue Department telegram from the Superintending Engineer, II Circle, dated 4th August 1891.

ENCLOSURE.

Telegram from the Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezváda, 4th August 1891, No. 20.

Executive Engineer, Nellore, wires as follows :—"Kotta Penvada tank, estimate Rs. 28,800; Madamanur tank, estimate Rs. 19,800. Collector has requested above works be started in anticipation of sanction under sections 10 and 112 of Famine Code. Please return Madamanur plans at once." No estimate has been received for former work, but the necessary plans and sections are probably ready in Executive Engineer's office. The work is entered in famine list No. 2 as Challakalva embankment. The Executive Engineer reported some time ago that this work was brought to your notice in February 1890 and that it was decided to embank the Challakalva. Nothing about it in your notes. Can I authorize the work being gone on with without seeing plans and sections as I know nothing about it. I have authorized the Madamanur tank being proceeded with. Please sanction and send plans and estimates direct to the Executive Engineer.

ORDER—dated 15th August 1891, No. 759, Revenue.

Miscellaneous.

Ordered that the following telegram be despatched to the Collector of Nellore :—

"Superintending Engineer, II Circle, wires that you requested Executive Engineer, Nellore, to start, in anticipation of sanction, Kotta Penvada tank and Madamanur tank works. Please report why these works are considered necessary and whether there is any distress in Nellore and Gúdúr taluks."
