The Secretary Department.

Note. 68/7

With reference to the Hon'ble Member's remark on the accompanying draft order, a copy of G.O. No. 2787 W dated 7th November 1884 is submitted, from which it will be seen that the reserve stock of famine tools for the several circles is maintained in the Public Works stores.

2. While in the stores, this cost comes under the Suspence account and when issued to divisions the value is charged to tools and plant on a sanctioned estimate.

3. There are large stocks of famine tools in many of the divisions left from the last famine &c.

but such articles as are not procurable from this source are obtained from the D. W. Stores.

4. The estimate enclosed in current No. 10072 represents the value of articles supplied from the D.W. Stores to the Kalahasti Sub Div^n for famine work, and sanction is necessary to admit of the cost being finally charged to Coal and Plant

NOTE OF REMARKS.

The Supdg Engineer IV Circle submits an estimate amounting to Rs 4850 for surveying & levelling instruments & Tools & Plant purchased for use of the Kalahastri Sub Division for sanction with reference to Items 3 to 5 of the Provincial Statement of Objectionable Items.

A few of the rates entered in the estimate are in excess of those given in the price list of P. W. Stores of 1887. The rates of the P. W. Stores are marked in pencil against the items in excess. a 10" Dumpy level is noted at Rs 190 against Rs 100-8-9 for a 12" one from the Stores Levelling Staves (Gravatts) Rs 20 against Rs 4-9-5. from the Sub

S. S. letter it appears that these articles have already been purchased.

The other rates as far as can be checked are fair.

The estimate is not signed by the S.E.

READ the following

From the Superintending Engineer IV Circle Dt. No 491 dy 21st Sept 1891.
S.E.

The estimate amounting to Rs 4,850, being the value of surveying, levelling, mathematical and scientific instruments and tools and plant purchased for the use of the Kalahasthi subdivision, is sanctioned.

2. This sanction has been registered as Provincial No 70 W 7/1891-1892 and classified as Tools and plant.

Does this mean that all these things were purchased or issued from stock? The bill books, as far as I can make out, show only about half the estimate value having been taken out of famine tool stores.
