GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

...—the following papers :—

Office-note from the Examiner of Public Works Accounts, dated Madras, 30th September 1890, No. 5815.

The enclosed standing order to the Madras Public Works Department Code regarding the churches and cemeteries to be repaired by the department has been framed on the lines of G.O., No. 52, Ecclesiastical, dated 5th August 1890 (communicated with G.O., No. 2362 W., dated 2nd September 1890), but as I am not quite certain whether the standing order takes in all or more than all those buildings for the repairs of which the department is responsible, I beg to forward it for the approval of Government after further reference, if necessary, to Superintending Engineers before sending it on to the members of the Code Committee.

2. The points on which there appear to be some doubts are the following :—

(1) The list of churches and cemeteries in the I Circle, printed on page 5 of the Government order, professes, according to the heading, to be a list of the buildings for the repairs of which the Public Works Department is *entirely* responsible ; but in his remarks on that list, as well as in his letter No. 540 G.L., dated 14th December 1889, printed on page 4 of the Government order, the Superintending Engineer states that the department is *not* responsible for the repairs. I have been guided by the Superintending Engineer's remarks and letter and omitted all the buildings from the standing order.

(2) In the list of military cemeteries in the IV Circle, printed on page 3 of the Government Order, the Superintending Engineer remarks against items Nos. 4 to 10 that "petty repairs to these cemeteries are executed under the orders of the Archdeacon;" I have accordingly omitted these also from the standing order, but as the cemeteries are stated to be military cemeteries reserved for the burial of soldiers, Government may perhaps, as in the case of military churches, require the repairs to be executed by the Public Works Department.

(3) I have included in the standing order St. John's Cemetery at Trichinopoly, see page 6 of the Government order (but not the church), as the cemetery is shown to be a military cemetery reserved exclusively for the burial of soldiers; but the Superintending Engineer, VI Circle, apparently considers that the cemetery also (please see his *N.B.* to the list of churches and cemeteries in the VI Circle on the same page of the Government order) should be repaired by the Civil Department.

From the Rev. W. W. ELWES, M.A., Acting Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 21st September 1891, No. 798.

With reference to endorsement of Chief Secretary, dated 12th January 1891 on Ecclesiastical current No. 2-A and endorsement of 14th July 1891 on current No. 172, Ecclesiastical Department, and in continuation of my letter No. 700, dated 24th July 1891, I have the honour to recommend, for the approval of Government, that the list of churches and cemeteries to be repaired by the Public Works Department, as given in office-note No. 5815, dated 30th September 1890, of the Examiner, Public Works Accounts, be accepted with the following (1) omissions and (2) additions :—

OFFICE NOTE No. 5815.

To

W.

The inclosed standing order to the Madras P.W.D.Code regarding the churches and cemeteries to be repaired by the department has been drafted on the lines of G.O.No.52 ecclesiastical dated 5th.August 1890(communicated with G.O.No.2382 W.dated 2nd.September 1890) but as I am not quite certain whether the standing order takes in all,or more than all those buildings for the repairs of which the department is responsible,I beg to forward it for the approval of Government after further reference if necessary to Superintending Engineers before sending it on to the Members of the Code Committee.

2. The points on which there appear to be some doubts are the following:-

Ist. The list of churches and cemeteries in the Ist.Circle,printed on page 5 of the G.O. professes,according to the heading,to be a list of the buildings for the repairs of whichthe P.W.D. is entirely responsible,but in his r-

remarks on that list as well as in his letter No.540 G.L.dated I4th.December I889 printed on page 4 of the G.O.,the Superintending Engineer states that the department is not responsible for the repairs. I have been guided by the Superintending Engineer's remarks and letter and omitted all the buildings - from the standing order.

2nd. In the list of military cemeteries in the 4th.Circle printed on page 3 of the G.O. the Superintending Engineer remarks against items Nos. 4 to I0 that "Petty repairsto these cemeteries are executed under the orders of the Arch Deacon"; I have accordingly omitted these also from the standing order,but as the cemeteries are stated to be military cemeteries reserved for the burial of soldiers, Government may perhaps,as in the case of military churches,require the repairs to be executed by the P.W.Department.

3rd. I have included in the standing order St.John's Cemetery at Trichinopoly ,see page.6 of the G.O.(but not the church) as the cemetery is shown to be a military cemetery reserved exclusively for the burial of soldiers,but the Superintending Engineer 8th.Circle apparently considers that the cemetery also(please see his N.B. to the list of churches & cemeteries in the 8th.Circle on the same page of the

G.O.

G.O.) should be repaired by the Civil Department.
