PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings
 of the Board of Revenue (Land Revenue) dated 16.
 January 1891 No 329 Misc. on letter from C. Hough Esq.
 Collector of Madras dated 15. December 1890 No 4600.

Having so far back as June 1888
 inspected the Taluk Cutchery of Patti Mandas.
 I found the entire building in a state of dilapidation
 and consulted the Executive Engineer as to whether
 it might be repaired or a new building on the standard
 design might be constructed. He was in favour of the
 latter alternative and desired me to select a suitable site
 for the purpose. I found a portion of Survey field No 48
 most convenient in all respects, and the owners have
 agreed to part with it for money compensation at
 Rs 10 an acre. The Executive Engineer also agrees with
 me as to the convenience of this site. I have the honor
 therefore to request that the early sanction of Govern-
 -ment may be obtained for the construction of a new
 Taluk Cutchery on the standard design at Patti Mandas.

2. The old building has become so
 absolutely dangerous that I am obliged to get it repaired
 as a temporary measure, at a cost of Rs 450,
 as advised and estimated for by the Executive
 Engineer.

Resolution

Resolution:

The Collector's proposal to build a new Sala B Cutchery at Puthi Konda, is submitted for approval of Government, and for the issue of orders to the D. S. W. to prepare the necessary plans and estimates. The building would be of the same type, and is evidently needed.

Order Dated 2 February 1891 A.P.

The Collector's proposal supported by the Board of Revenue is approved. Orders will issue in the Public Works Department for the preparation of the necessary plans and estimates.

2. The Collector should be called upon to report what it is proposed to do with the present building.
