From

Henry Juvin, Esq., C.I.E.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer
Public Works Department.

Sir,

Enclosures.

With reference to your endorsement
No. 123C dated the 12th January 1891, returning the
approved sketch plans & approximate estimate
for the new women & children Hospital, I have
the honor to state that the working drawings are
under preparation, but I do not consider that
they will be ready for submission with the
detailed estimates until three months hence.
As a sum of Rs 20,000/- is provided for in the
Preliminary Issue of the Provincial Budget
estimate for 1891-92, for the work, I request
permission to collect materials for the same,
and to set out the work on the site taking up the
road which is to be closed as well as the level
crossing of the Railway. In view to the very
public position with so crowded thoroughfare

on two sides it would be advisable to construct the
fence in the 1st instance. This is an item included
in the Estimate. I request that special orders regarding
the closing of the road and railway crossing may
be issued.

I have the honor to be

Sir

Your most obedient servant
