From

C. H. J. Mosfor Esq^r 1829
Executive Engineer
Tanjore Division

To

The Superintending Engineer
5th Circle
Madras

Sir,

I have the honor to inform you that an Estimate amounting to Rupees 765 was sanctioned in your N^o 223278 for constructing the Pulimjery Sluice in the Cauvery Left Bank. There were formerly 3 Sluices for supplying the Pulimjery lands. The new Sluice was constructed at the side of the old middle Sluice with pump head and on proper levels to enable it to supply all water required even to the fields on a higher level. The other two old Sluices, one above, and one below the new Sluice were much out of repair & one of them was blocked up. The Ryots wanted the uppermost Sluice to be repaired and given them in addition

addition to the new sluice but
as the new sluice was calculated
to give them per annum supply
of water and not to interfere in
with their irrigation. Their request
was rejected.

2. Srinivasa Iyengar and
other Mirasidars of Palimpiri put
in a Petition to the Collector
to have the old sluice repaired
but it was dismissed as
groundless.

3. They have now filed a
suit in the Munsiff's Court
at Kumbakonam and a copy
of their plaint and the draft
defence are herein enclosed.

4. The case was posted to the
25th Instant for hearing but as the
summons was only received by me
on the 7th Inst., I asked the Collector
on the 10th Idem to appoint a
Dahil and to obtain per ad-
-government to enable me to obtain
the necessary sanction of Govt.

-government

Government for the defence, which
I request may be obtained as
early as possible.
