GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

G.O., dated 1st August 1891, No. 1526, Judicial.

Read—the following papers :—

From the Acting Inspector-General of Police, dated 14th March 1891, No. 1560.

Abstract.—Submitting, for sanction, Public Works Department plans and estimates, amounting to Rs. 2,540, for the construction of a second-class station-house at Tiruchanur in the North Arcot district.

From the same officer, dated 27th June 1891, No. 276.

Order—dated 1st August 1891, No. 1526, Judicial.

The estimate, amounting to Rs. 2,170, for the building is approved and the plans and estimates will be transferred to the Public Works Department.

2. The cost and area of the proposed site are both excessive. It appears that there has been a final award as regards 17 cents under section 14 of the Land Acquisition Act and therefore the sum (Rs. 600) awarded must be paid; but the Government cannot sanction the proposal to acquire an additional 10 cents at a cost of Rs. 370.

It is observed that the building measures 35′ by 24′ and it would therefore seem that the acquisition of a strip of land, 201′ × 37½′, was quite unnecessary; the reason for acquiring so much should be reported. Considering the size of the building, a site, measuring 37½ feet either way, ought to be sufficient and the Government considers that the excess, amounting to 37½′ × 162½′, should be resold.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

Endorsement thereon in the Public Works Department, dated 14th Aug. 1891, No. 3713 C.

From Major C. C. RAWSON, R.E., Executive Engineer, North Arcot division, to the Superintending Engineer, IV Circle, dated 27th August 1891, No. 384 S.E.

With reference to your No. $\frac{648}{N.A.}$, dated 18th August 1891, and its enclosures herewith returned, I have the honour to inform you that the estimate, as prepared in my office, amounted to Rs. 2,760 and contained a provision of Rs. 600 for compensation for land as you may see: this replies to No. 3713 C., dated 14th August 1891.

2. This item of Rs. 600 has been struck out by some one and altered into Rs. 370 and a note added opposite "grand total of estimate:" "exclusive of Rs. 600, the cost of portion of site already purchased from Departmental funds."

3. I do not know where these alterations were made, or by whom; neither do I know anything about the additional 10 cents of land proposed to be acquired at a cost of Rs. 370, referred to in G.O., No. 1526, dated 1st August 1891, para. 2.

4. When I first inspected the site I pointed out demi-officially to the Superintendent of Police that the site, which he had acquired, was much too large and quite the wrong shape, as the police station could not be built on it facing the road.

5. I think that the site marked in pencil, measuring 56′×36′, should be acquired for the police station and that the remainder of the long strip should be sold. I do not think it is fitted as a site for police lines as it slopes rapidly down into the bed of the river; see cross section herewith sent.

No. 458 W.

Copy forwarded to the Chief Engineer, Public Works Department, with reference to his endorsement No. 3713 C., dated 14th August 1891, herewith returned.

2. From the foregoing letter it is understood that the alterations in the item for compensation for land appear to have been made in the Police Department. There is some confusion about the site and the compensation provided for the same, which should be settled in the Judicial Department.

31st August 1891.
(Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
Superintending Engineer, IV Circle.

Endorsement thereon in the Public Works Department, dated 10th Sept. 1891, No. 851 D.

G.O., dated 18th December 1891, No. 2561, Judicial.

Read—the following papers:—

Endorsement of the Public Works Department, dated 10th September 1891, No. 851.

From the Inspector-General of Police, dated 24th November 1891, No. 6735.
ABSTRACT.—Reporting upon the acquisition of site for the construction of a police station at Tiruchanur, North Arcot district.

Order—dated 18th December 1891, No. 2561, Judicial.

On each occasion upon which these proposals have been submitted to Government, different measurements have been given of the two blocks of land in question. Accepting the figures now given by the Inspector-General, it appears that there are two blocks of land, measuring, the one 36′ by 200′, the other 20′ by 200′. The former has already been acquired; the purchase of the latter is still under negotiation. The station house measures 35′ by 24′.

2. The Executive Engineer now reports that a strip, measuring 56′ by 36′, will be enough for the site of the building and the Inspector-General agrees with him and recommends that the remainder of the block already acquired be sold.

3. Of the second block, measuring 20′ by 200′, the Inspector-General proposes to buy a bit, measuring 20′ by 36′. The object of the purchase is apparently to build the station-house facing the road. There is, however, no reason for so building it, as there are no windows at the back of the building, and in front there will be a clear space of 11 feet between the edge of the verandah and the opposite building if a space of 1 foot be left between the back of the station house and the adjacent structure.

10c/2

4. The Government, therefore, considers that no portion of the second block, measuring 20′ by 200′, should be purchased and that of the block already acquired a strip, measuring 144′ by 36′, should be resold.

(True Extract.)

(Signed) N. S. BRODIE,
Ag. Under-Secretary.

ORDER—dated 11th January 1892, No. 100 W., Public Works.

The estimate, as originally prepared by the Executive Engineer and amounting to Rs. 2,760, for constructing a second-class police station-house at Tiruchanur in the North Arcot district is sanctioned. The estimate, as thus framed, includes a sum of Rs. 600 for land already taken up for the building, a portion of which will be resold under the orders of the Judicial Department No. 2561, dated 18th December 1891. The sale will be undertaken by the Revenue Department in accordance with the usual procedure and the sale-proceeds refunded to the Public Works Department, the work being credited.

2. A sum of Rs. 1,500 has been provided for the work in the currrent year's budget.

3. This sanction has been registered as Provincial No. 98 W. of 1891-92 and classified as Civil Buildings, Original Works.

TECHNICAL NOTE.

Constructing a 2nd Class Police Station House [illegible] in Chandragherry, Taluq. North Arcot District

— Rs 2540

The plan for the above work is prepared in accordance with the Standard design issued with G.O. No. 1828 W dated 2nd August 1890 and the estimate ~~so~~ prepared accordingly with the exception of the foundation for which a depth of 5 feet is provided of stone jelly concrete in lime owing to the nature of the surface soil which is noted in the site plan to be of loose earth and sand, viz.

The following are the deviations

Government of Madras.

already purchased

Deviations from the Sanctioned design:-

(a) Height of basement increased by one foot as now proposed.

(b) Thickness of planking of door shutters from 3/4" to 1"

(c) Cut stone lintels instead of archwork, the tracing submitted by the S.E. shows archwork [illegible] provision for stone [illegible] lintels.

(d). Mouldings near exterior face of door & windows omitted.

Particulars of Construction

Foundations. Stone jelly concrete 1 in lime.

Walls. Rough stone in lime pointed both interior & exterior.

Floors. That of the lock-up ½" asphalte on 6" of concrete the other rooms of 8" sq. paving tiles set on 3" of concrete.

Roof. Flat and pan tiles on teak reepers.

Doors. Teak batten with 1" planks laid horizontal & vertical

Roof timbers. Teak and wood oiled 2 coats.

The p[illegible] area [illegible]ings is 842 Sqft and [illegible] cost per sqft. will be Rs 2-9- exclusive of value of land.

The rates are fair with the exception of the sub head. Pointing: for which a rate of Rs 2-8-- is provided whereas it should be Rs 1-8-- per square for lime pointing as per schedule of rates for the Vellore Sub Division of the North Arcot Division for the year 1891. The rate of Rs 2-8-- as now provided in the estimate is for pointing with portland cement. The items of 'Contingencies & petty supervision' are calculated at 2½ p.c. on the estimate.

100
4

The estimate provides for the necessary items of arm racks, accoutre[illegible] pegs & movable at the Inspectors a

Estimate has recd countersignature of the Inspector General of Police and approved in the Judicial Dept.
