Sir,

I beg to bring the following to your notice
for your favorable consideration:-

Before leaving the College, I was informed
that I would receive an allowance of 10 annas
per working day for jutka hire, and, under
the impression that the above allowance would
be paid to me, I have expended Rs 12-8 in
fares to and from the workshops. I have now
been informed that the Examiner of Public
Works Accounts has disallowed the claim
to jutka hire, consequently I cannot receive
the money through the Workshops.

As my pay does not admit of my paying 10 annas
per day travelling expenses, I beg to request
that you will be good enough to endeavour
to get the travelling allowance settled
satisfactorily.

Military Students are ordered to live in the barracks and have hitherto been paid by the Educational Department, but under the order quoted by the Principal of the College of Engineering, Madras, it appears that the P.W. has to bear the charges. I therefore request that you will be good enough to obtain sanction of Annuas 10 per day of attendance at the Public Works Workshops.

2. Copies of the Correspondence received from the Soldier Student attached to this Workshop and from the Principal College of Engineering, Madras, are also submitted for your information. I request that you will accord your sanction to my disbursing the Carriage allowance claimed by the Student, in anticipation of Government sanction, and debiting the same to Miscellaneous Advances.

Pro: dated 16.3.91 № 209 Ed = 874

Sir, in forwarding copies of the Proceedings of this Government quoted in the margin, I am directed to request the sanction of the Govt of India to the grant of carriage allowance at 10 Annas per working

day to the soldier students of the Madras College of Engineering during their year of practical instruction at the Presidency P.W. Workshops.

2. It will be seen from the first of the Proceedings forwarded that the students in question are for purposes of discipline quartered in barracks in Fort St George, which is over two and a half miles from the workshops, a distance too great to be marched twice a day by men spending the whole day in manual labour. The rate of allowance proposed is considered moderate by this Govt but the Examiner is of opinion that in the absence of any rule in the P.W. Code or C. S. Regs under which it could be admitted, it cannot be sanctioned without a reference to the Govt of India.

3. The claims to the allowance go back to July 1891, and I am to explain that the delay in referring the question to the Govt of India is due

to a doubt which existed as to the incidence of the charge. It has lately been decided that the stipends payable to the students in addition to military pay during their first year of practical instruction, must be met by the P.W. Dept, and any travelling allowance which may be granted to them will therefore be debitable to the same head under article 1294 C. S. Regs. I am therefore to request that the sanction now asked for may be granted with retrospective effect from 1st July 1891.
