158-8-1
To His Excellency Lord Wellesley
Governor in Council
Fort St. George.

158-8-1
The humble petition of
F. Allon vasaing Moodell
late mathematician in the
Mathematical Instruments
Department of the P. W.
Workshops, Madras

Sheweth,
That Petitioner served as
a Filer in the Mathematical Instru-
ment Department for the past
20 years & during this period gave
uniform satisfaction to his superiors,
a fact verified by the Testimonials,
copy enclosed herein.

2. That on 5th inst. petitioner's
services were dispensed with, without
any plausible reason for such dismissal.

3. Before entering more fully
into the apparent illegality of such
dismissal, Petitioner begs respectfully
to state, that if he has been unwilling
to forward this petition thro' the
usual channel, it is because he
found that the Secy to Govt P. W. D.
bribeed by the wrong representations
of Mr. Woodham the Genl Supt
convinced with his irregular & bad
in the matter, as exemplified in
the case of other petitioners.
Petitioner therefore begs to

4. Reverting to the subject of
Petitioners disclaimer, he begs respectfully
to say that the action of the present
superintendent was illegal & uncalled
for. To screen himself with the un-
founded pretext that shortness of
work necessitated the adoption of
the measure cannot for a moment
be maintained. Is the self same
work which had hitherto been done
by Petitioners & others not being carried
out now by another department
imposed on the nature of work. Has
this splitting up of work in any way
benefited Government? It has not.
On the contrary it has incurred loss
to Govt as can be proved by the
heap of rejected out-turns of work
now lying idle in the workshop yards.
On the other hand Mr Wickham
cannot for a moment say that from
motives of economy the reduction
had been made. Petitioners has
been working on the Contract
system. If there is work there is
payment otherwise not, no economical
necessity hence done.

Again if Mr Wickham
says that Petitioners is highly paid
and that works executed there, him
do not show a margin of profit it
may be correct, but the blame lies
with Mr Wickham. With due
reference to that gentleman's capacity
turned venturer to state that he
is the "possessing a theoretical
go of the business, unfortunately
lacking that practical
acumen for business, a qualification

so essentially necessary for one
whose tender mercies the destiny of
a large department is entrusted - He,
unfortunately does not possess the
ability to estimate a work, hence a
piece of work refused by private local
founders at Rs 25 each was accepted
by the department for just as many
Annas, in spite of the protestations of
the Ministry & gentlemen who knew
better what it would actually cost to
turn out a work of the kind. If losses
have resulted they are but the out-
come of a mistaken policy pursued
by the Superintendent. Petitioners
is prepared to prove this allegation
& several others if needed.

Under these circumstances
Petitioners begs very respectfully to
request that your Lordship in
Council will be gracious enough
as to take due consideration of Petitioners
unfortunate case & pass early orders
for his re-instatement.

And Petitioners as in duty
bound Shall ever pray
