L. H. B. Burton Esq.
Executive Engineer
Ching. Dept. Division.

The Superintending Engineer
5th Grade.

Sir.

105/1

I have the honor to submit
the following for orders.

In reference to a letter from
the President Fating Board, Saidapet
Ching. Dept. District, requesting that
the vacant building at Pulicat
formerly occupied as a Sub Magazine
Trunk Office might be given for
holding the Union Office of that
place; the Executive Engineer
Buckingham Canal Division
informed him in reply that
the building in question was
in charge of this Division -
Whereupon the President Fating
Board forwarded to me a
copy of the reply and enquired
if the building could be spared.
I then asked the Executive
Engineer Buckingham Canal Divi-
sion to inform me of the circum-
stances under which he considered
the said building to be in
my

my charge. To this I replied
that it was hitherto presumed
to be in charge of this Divi-
sion together with all other
Buildings in the District, the
buildings in his charge being
only Canal Buildings and
certain Light Houses.

Under the above circum-
stances, I beg to be informed
if the building can be brought
out the Registers of this Division.

I have the honor to be
Yrs. &c. C. H. B. Burton,
Executive Engineer
Hampshire Div.

N^o. 125 W.

Forwarded to the Chief
Engineer P. W. Department
for favor of orders.

2. The Building, being
close to the Buckingham
Canal, would be more
conveniently

conveniently in charge of that
Divisional Officer.
