GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From the Officiating Presidency Port officer, to the Chief Secretary to Government, dated Madras, 15th December 1891, No. 975/461 G.

With reference to para. (d) of this office letter No. 975/64, P.W., dated 1st May 1891, recorded in G.O., Marine No. 242, dated 3rd June 1891, I have the honour

* One estimate for Rs. 1,480. One specification.	One report. Two plans.	to forward, for the sanction of Government and allotment of funds, the accompanying estimate * from the Superintending Engineer, IV Circle, amounting
--	---------------------------	---

to Rs. 1,480, for providing quarters for the use of the light-keepers at Mangalore.

2. The expenditure can be met from the South Canara District Port fund and will be a general charge on the West Coast light-houses.

3. The delay in the submission of this estimate to Government is explained in the remark column of the statement which accompanied this office letter No. 1281/446 G., dated 4th December 1891 (G.O., Financial Department No. 1311, dated 10th December 1891).

Approved and transferred to the Public Works Department.

21st December 1891.

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 11th January 1892, No. 107 W., Public Works.

The estimate, amounting to Rs. 1,480, for constructing quarters for the light-keepers of the light-house at Mangalore in the South Canara district, is returned to the Superintending Engineer, IV Circle, for sanction and execution.

2. The Superintending Engineer will apply for the requisite allotment of funds as soon as it is required.

TECHNICAL NOTE.

Constructing quarters for light
keepers at Mangalore. South
Canara District

Amount of estimate Rs 1480

This estimate has been framed
at the request of the Presidency
Port Officer. It provides for
a room of 12 ft x 12 ft. The
cost of Rs 132, for the major
portion of the superstructure
walls are built of mud. It
is thought that chunam
plaster will not adhere to
mud walling, hence the
superstructure walls
being may be allowed to
"mud plastering & whitewash"
2 cask for the superstructure
walls & chunam plaster
for the plinth face by which
savings of mud, Rs 100
will be effected.

23/12/91

N. R.

The scantlings of roof timbers are fairly correct though not in accordance with those laid down in the Standard Specification.

The ratios are fair.

The superficial area of the roofing is 1185 Sq ft and the cost per Sq ft will be \$3.40.

The estimate provides for cladding the walls both interior and exterior with 2" and a chimney 14" in diameter.
