Engr. Engineer's Office West Coast Div.
Calicut, 9th February 1891.

No. 422

From

A. Joyce Esq.

Engr. Engineer, West Coast Div.

1103

To

The Superintending Engineer,

Fourth Circle.

Sir,

I have the honor to request that sanction of Government may be obtained as a special case for the West Coast Division authorising me to advance to Officers & subordinates employed here, not exceeding $\frac{3}{5}$ th of their claims, preferred in their journals, subject to recovery in full on the next issue of their travelling allowance.

2 The necessity for this request is due to their represented difficulties in the way of getting carts sea though

higher rates are offered with advances exceeding in most cases half of the hire of carts for the whole journey, a practice very common in the West Coast, resulting in the monthly maintenance of carts with bullocks at dear cost, which in my opinion should be reimbursed almost immediately after the month is closed instead of being allowed to wait till after the bill is received audited.

In the Civil Department the travelling allowance is passed by the Treasury Deputy Collector on presentation of Bill subject to audit by the Accountant-General, Madras, an advantage not allowed to P.W. Department members. They have to wait for months before the expenses incurred are reimbursed.

3. In the circumstances explained above, I sincerely hope that you will

move Government to exempt this division from waiting for payment until audited bill comes in, any disallowance made by the Examiner in excess of advance of $\frac{3}{5}$ th of claims being of course recoverable in cash from party concerned.

I have signed

/signed/ A Joyce

Ex. Engineer.

No. 88 of 16-2-91.

Copy submitted to the Chief Engineer, P.W.D. for his favourable consideration with a suggestion that the concession asked for by the Executive Engineer, West Coast Division may be made a general one to all divisions.

2. It is hard upon poorly paid men to make them wait for so long a time, before they recover the expenses actually incurred by them. It has been ascertained as a fact

that in several cases subordinates have
had to borrow money at high interest
to enable them to meet their travelling
expenses.

No. 1436 of 9.3.91

To W.

The general question as to payment of travelling allowance prior to audit is at present under the consideration of Government. Pending settlement of that matter, I would suggest that the question raised by the Executive Engineer West Coast Division be held over.

Dated 16. } Feb 1891.
