6TH APRIL 1892, No. 1149 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following paper:—

From the Executive Engineer, Kistna Western division, to the Superintending Engineer, II Circle, dated 25th February 1892, No. 699 S.

I have the honour to bring to your notice that, on starting works in the Vinukonda taluk last month, I have found it impossible to push on with the works as I could wish for want of tools.

2. The tools in the Delta are insufficient for the work there and I have submitted an estimate to meet my requirements in that part of the division.

3. For works in the upland taluks I now require—

|                                              | NO. |
|----------------------------------------------|-----|
| (1) Mamooties ... ..                         | 400 |
| (2) Pickaxes ... ..                          | 400 |
| (3) Long crowbars ... ..                     | 200 |
| (4) Short (2') for wedging revetments ... .. | 100 |
| (5) Sledge hammers ... ..                    | 40  |

and if work is pushed on as I hope it will be next official year I shall require about double the quantity under items 1, 2, 3 and 5.

4. If special work is started, such as the Melavagu dam, I shall require additional special tools and plant for it.

5. I am very averse to supplying contractors with tools as I consider the rates are ample and that the contractors should supply the tools themselves. They say, however, that they cannot get the tools and are willing to agree to my terms if I supply tools, viz., that I shall deduct the full value of the tools supplied and pay for them at my own valuation when I take the tools back on the completion of the work. I cannot start more work until I get tools, so I have the honour to request that you will sanction the estimate submitted herewith and obtain the necessary funds.

No. 3137 K.S.

Forwarded to the Chief Engineer for Irrigation with the estimate for sanction.

2. All the spare tools in the other divisions of the circle were despatched to Nellore for famine duty.

21st March 1892.

(Signed) J. HANNAN,  
Superintending Engineer, II Circle.

No. 6 E.W.

Forwarded to the Chief Engineer, Public Works Department, with the request that the estimate may be sanctioned under 45. Civil Works, to which the Irrigation Branch pays on account of general tools and plant a contribution at  $1\frac{1}{2}$  per cent. on

expenditure on Tank Restoration works under para. 1487 of the Madras Public Works Code corresponding with para. 133, chapter XV, volume II, of the Government of India Code.

CHEPAK,  
30th March 1892.

(Signed) G. T. WALCH,  
Chief Engineer for Irrigation.

ORDER—dated 6th April 1892, No. 1149 W., Public Works.

The estimate, amounting to Rs. 3,450, for tools required for the execution of Tank Restoration works in the Kistna Western division is sanctioned. The Superintending Engineer, II Circle, will apply for the requisite funds in his statement of demands for incomplete works.

2. This sanction has been registered as Provincial No. 5 W. of 1892-93 and classified as Tools and Plant.

(True Extract.)

Major, R.E.,  
Under-Secy: to Govt., P.W.D.

To the Superintending Engineer, II Circle, with one enclosure,

Tools

Estimate of Rs. 3,450 for — required  
for the execution of Tank Restoration  
works in the Kistna Western division,  
sanctioned with remarks.

From the Executive Engineer Kistna  
Western Division to the Superintending  
Engineer II circle dated 25<sup>th</sup> February  
1892 No. 699 S. 1149/310

I have the honor to bring to  
your notice that on starting works in  
the Vinukonda Talug last month I  
have found it impossible to push on  
with the works as I could wish for  
want of tools.

2 The tools in the Delta are  
insufficient for the work there and  
I <sup>have</sup> submitted an estimate to meet my  
requirements in that part of the Division.

3 For works in the upland Talugs  
I now require

1. 400 Mammooties

2. 400 Pickaxes.

3. 200 Long crossbars.

4. 100 (short (2') for wedging  
rebetments.

5. 40 Sledge hammers.

and if work is pushed on as I hope

it will be next official year I shall require about double the quantity under items 1, 2, 3 & 5.

4. If special work is started such as the Morlaigar dam I shall require additional special tools & plants for it.

5 I am very averse to supplying contractors with tools as I consider the rates are ample and that the contractors should supply the tools themselves. They say however that they cannot get the tools & are willing to agree to my terms if I supply tools viz that I shall deduct the full value of the tools supplied and pay for them at my own valuation when I take the tools back on the completion of the work. I cannot start more work until I get tools. So I have the honor to request that you will sanction the estimate submitted hereafter and obtain the necessary funds.
