17TH NOVEMBER 1890, No. 3066 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From H. C. KING, Esq., Honorary Secretary, Pavilion Fund, Madras Cricket Club, to the Secretary to Government, Public Works Department, dated The Cloisters, Teynampett, 20th October 1890.

At a meeting of the Committee of the Madras Cricket Club held on the 18th instant it was resolved—

- (1) That I be requested to address His Excellency the Governor in Council with a view to obtaining the permission of Government for the Consulting Architect to Government to prepare a plan and estimate for and superintend the building of a new cricket pavilion on the Chepâk ground, and
- (2) That I be requested to ask the Government to give a grant-in-aid towards the construction of such pavilion.

2. With reference to the second resolution, I am directed by the Committee to point out that, prior to the construction of the Buckingham Canal, the original front of the pavilion was properly faced as regards light, but that when, owing to the construction of the canal, the cricket ground was transferred to its present position, it necessarily followed that the present front of the pavilion was exposed to the glare of the sun throughout the day, and is in consequence wholly unfitted for the purpose for which it was originally intended.

3. It is estimated that the building of the new pavilion will cost Rs. 10,000, a large portion of which the Committee hope to raise by public subscription, but they venture to express a hope that His Excellency the Governor in Council will sanction a contribution towards the fund.

4. Finally I am directed by the Committee to state that they would esteem it a great favor if the views of His Excellency the Governor in Council on the above resolutions could be communicated to them at a very early date.

ORDER—dated 17th November 1890, No. 3066 W., Public Works.

The first request of the Committee of the Madras Cricket Club is sanctioned. The plans of the proposed building will be submitted to the Chief Engineer, Public Works Department, for approval, before the work is begun, and it will be carried out in accordance with the rules prescribed in paras. 1339 *et seq.* of the Public Works Code. The usual charges on account of Public Works supervision and tools and plant will be waived in consideration of the fact that the ground on which the building will stand is Government property and that the proposed change of site is to some extent in the public interests, as the appearance of the grounds will certainly be improved thereby.

2. With regard to the second request, His Excellency the Governor in Council observes that the cricket ground is much used at certain seasons of the year by the scholars and students of the schools and colleges of Madras, and by the European

residents and soldiers. When the old cricket ground was cut through by the Buckingham canal, no compensation was given to the Cricket club beyond the alteration of the existing building. On these grounds, and because the change now proposed is the result of the action of the Government in cutting the canal, His Excellency the Governor in Council resolves to sanction a grant-in-aid of Rs. 2,000 towards the proposed new building. The money will be formally appropriated when the plans and estimates are sanctioned.
