From A. S. Russell Esq, Executive
Engineer, Buckingham Canal Division,
to the Suptg Engineer, 2nd Circle, dated 3rd
December 1891, No. 2052.

118/1

With reference to your Memo. No.
399 B.C. dated 20th November 1891, I
have the honor to state that on receipt
of your Circular letter No. 572 G.L. of 29th
March 1889, the Collectors of Chengelpet
and Villore were asked to furnish this
office with complete information regarding
lands taken up for the Canal from its
Commencement. In reply to this requisition,
the Collector of Chengelpet supplied in
January 1891, 92 bills for compensation
for land. They related to 11 works of the
Southern Sub Division & have all been
duly posted in the Register of lands sent
by you to be maintained in this office.

2. The Collector of Villore, however,
stated in his letter No. 333 A/9th April/90,
that no "Schedule registers" have been
maintained since 1873 in his office, and
that the information had to be obtained

from a few detailed statement volumes
& enquired whether this "partial
information" would be sufficient.

In reply, Major Boddy, the then Sec-
-retary Engineer stated in this office
No. 88 of 26th April 1890 that he
wanted

- (1) All land plans.
- (2) All Schedules.
- (3) All original verified Compensa-
-tion bills.

3. This information is still awaited
despite the following reminders sent to
the Collector.

No. 1116 of 2nd December 1890.

" 68 of 13th April 1891.

" 759 of 6th July 1891.

" 1729 of 26th October 1891.

4. In these circumstances, I think,
it is advisable that Government in
the Revenue Department be addressed,
with a view, if necessary, that some
aid be given to the Collector in order
to expedite disposal of this matter.

5. A good deal of trouble is ^{now} being
experienced

experienced for want of this information.

No. 4263C dated 14-12-91 118/2

Forwarded to the Chief Engineer
for Irrigation for necessary action,
^{so that}
~~as regards~~ the maintenance of land
register in the form circulated with the
Chief Engineer's Circular Memorandum
