GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

Extract from the Proceedings of the Government of India in the Military Department (No. 882 M.W., under date, Fort William, the 22nd March 1892.)

ORDER—dated 9th April 1892, No. 1196 W., Public Works.

The revised and budget estimates of revenue and expenditure under Imperial Military works for 1892–93, respectively, accepted by the Government of India in the resolution recorded above, have been adopted in the final issue of the budget.

2. The difference, Rs. 8, between the revised estimate of Rs. 83,492 proposed by this Government and that adopted by the Government of India, viz., Rs. 83,500, has been added to the grant for establishment.

3. When the budget was framed it was anticipated that the unexpended balance of the estimate for the new barracks at Calicut would amount to Rs. 3,398 only, and this sum was accordingly proposed as the allotment for 1892–93. This anticipation has, however, not been realised, the progress of the work having been delayed in consequence of a revision of the estimate having been necessary, thus reducing the outlay by Rs. 10,000 which was surrendered from the last year's allotment for the work. His Excellency the Commander-in-Chief attaches importance to the early completion of the work. The Government of India will accordingly be requested to make an additional allotment, the amount of which will be fixed on receipt of a report which the Superintending Engineer, IV Circle, will now submit, showing the actual expenditure on the work up to the close of the last official year.

4. The estimate for constructing a swimming bath for the British Infantry Regiment at Calicut, which has been returned to the Superintending Engineer, IV Circle, for revision, should be expedited, no expenditure being in the meanwhile incurred on the work.

5. In accordance with the request of the Quartermaster-General, the works referred to in G.O., No. 99 W., dated 11th January 1892, have been eliminated from the final issue of the budget.

6. With reference to G.O., No. 830 W., dated 21st March 1891, the expenditure incurred on minor and petty works at stations in charge of the Public Works Department should be transferred to and finally adjusted by the Examiner of Military Works Accounts. Funds required for such works should be obtained from the officers named and in accordance with the procedure laid down in the letter from the Director-General of Military Works printed with G.O., No. 1556 W., dated 8th June 1891.

7. The grant for repairs has been distributed among the several divisions in Part II of the budget.

8. With these remarks the final issue of the Military Works budget estimate for 1892–93 will be printed and circulated for the information and guidance of the officers concerned, and sixty copies will be forwarded to the Government of India, Military Department.
