GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 1st April 1892, Mis. No. 3253 :—

MR. CLOGSTOUN.

Read—the following letter from E. C. JOHNSON, Esq., Collector of Ganjam, to the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 21st March 1892, No. 531-Ver. :—

I have the honour to report that I have just returned to the head-quarters after having travelled through the affected tract in the south.

2. Subsequent to the despatch of my last month's season report, I visited the worst part of Tekkali taluk and found the railway work there was more forward than I thought, when I wrote the monthly report, and that the work remaining to be done was considerably less than I stated in the report.

3. In the preliminary issue of the Public Works Department budget for the next official year, an allotment of nearly Rs. 13,000 is provided for for the Tekkali-Anantagiri road, which runs through the worst part of the Tekkali taluk. This work will not only provide labour for 700 men for about 5 months, but is also situated at a distance of 10 miles from the railway line. It is therefore advisable that the work in question should be commenced in the next month. The Executive Engineer, Mr. Hayes, has informed me that he can put the work in hand as soon as funds are placed at his disposal. Under these circumstances, I request that the Board will be pleased to see that the Executive Engineer may be put in funds for the work in question, immediately on the commencement of the new financial year.

4. The principal complaint at present in the affected tract is of water-famine, and the Local Boards are doing their best in the way of digging new wells, repairing and deepening old ones, and sinking pits in tank-beds. In the current year, an allotment of Rs. 10,000 has been made from the Local Funds for the improvement of water-supply and the allotment has received the sanction of Government. At its last meeting, the District Board has allotted a further sum of Rs. 10,000 for the purpose to be met from the reserves in the next year's budget and the necessary application to Government for sanction was submitted on the 15th instant. I request that the Board may be pleased to urge upon Government the necessity of sanctioning the allotment, with the least possible delay, and communicating the same by wire, as the water-famine is likely to become worse from day to day for the next two months at least, and fresh works will be constantly required.

Resolution—dated 1st April 1892, Mis. No. 3253.

Submitted for the orders of Government.

2. In his letter read above, the Collector of Ganjam requests that an allotment may be made at the beginning of the current year for the construction of the Tekkali-Anantagiri road in his district, in order that employment may be given in the locality

it traverses. The necessity for providing more work at once in the district is not clear, though it appears from the Collector's general statement that the railway works will not employ so much labour as he previously estimated. If, however, provision has been made in the Public Works budget for the construction of the road in the current year, it is in every way advisable that the work should be commenced at once when it will give much needed employment.

3. The Collector also asks that Government may be urged to sanction a special grant of Rs. 10,000 made by the District Board from its reserve for improving water-supply, as a water-famine is the most pressing danger at present. The Board supports the Collector's application.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proc. of the Board of Revenue R.S. L.R. + Agri. dated 1st April 1892, No. 3253 Imo. on letter from the Collector of Ganjam dated 21st March 1892, No. 531 ren.

I have the honor to report that I have just returned to the Head quarters after having travelled through the affected tract in the South.

2. Subsequent to the despatch of my last month's season report I visited the most part of Tekkali Taluk and found the Railway work there was more forward than I thought when I wrote the monthly report and that the work remaining to be done was considerably less than I stated in the report.

3. In the Preliminary issue of the D.P.W. budgets for the next official year, an allotment of nearly Rs. 13,000 is provided for for the Tekkali-Anantagiri road, which runs through the most

most part of the Lekkalitaluk.
This work will naturally provide
labour for 200 men for about
5 months, but is also situated
at a distance of 10 miles from
the Railway line, It is therefore
advisable that the work in
question should be commenc-
-ed in the next month. The
Executive Engineer Mr. Hayes
has informed me that he can
put the work in hand as soon
as funds are placed at his
disposal. Under these circumstances
I request that the Board will
be pleased to see that the
Executive Engineer may be put
in funds for the work in
question, immediately on the
commencement of the new
financial year.

4. The principal complaint
at present in the affected tract
is of water famine and the
Local Boards are doing their
best in the way of digging new
wells, repairing and deepening
old ones and sinking pits in
tank beds. In the current year
an

allotment of Rs. 10,000 has been
made from the Local Funds for
the improvement of water supplies
and the allotment has received the
sanction of Government. At its
last meeting, the District Board
has allotted a further sum of
Rupees 10,000 for the purpose to-
be ~~met~~ met from the reserves in the
next years budget and the
necessary application to Govern-
-ment for sanction was submit-
-ted on the 15 Instant. I request
that the Board may be pleased
to urge upon Government the
necessity of sanctioning the
allotment with the least possible
delay and communicating the
same by wire as the water
famine is likely to become
more grave day to day for the
next two months at least and
fresh works will be constantly
required.

Resolution -

Submitted for the
orders of Government -

In his letter read above
2. the Collector of Ganjam requests

that

that an allotment may be made at the beginning of the current year for the construction of the Le Kali - Anankazini road in his district in order that employment may be given in the locality at present. The necessity for providing more work at once in the Dt is not clear, though it appears from the Collector's general statement that the railway works will not employ as much labor as he previously estimated. If however, provision has been made in the P.W. budget for the construction of the road in the current year it is in every way advisable that the work should be commenced at once as then it will give much needed employment.

The

3. The Collector also asks that Government may be urged to sanction a special grant of Rs. 10,000 made by the District Board from its reserve for improving water supply as a water famine is the most pressing danger at present. The Board supports the Collector's application.

Order thereon 11 April 1892 No 352.

The Government concurs in the Commissioner's remarks in para 2 of his Proceedings read above. The necessary orders will issue in the Public Works Dept.

2. Para 3 of the Proceedings will be considered in the Local and Municipal Department.
