GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper:—

From W. HUGHES, Esq., Executive Engineer of Nellore, to the Superintending Engineer, II Circle, dated 2nd April 1892, No. 4.

I have the honour to bring to your notice that on the occasion of the transfer of the executive charge of this division between myself and Mr. O'Connell, a report of the relief with the specimen signatures of myself and of Mr. O'Connell were sent to the District Treasury officer as required by Code para. 379 A(2), but one of the contractors reported of late that the Gúdúr Taluk Treasury officer refused to cash the cheque drawn in his favour on the score of my specimen signature not having been communicated to him.

2. The matter was then referred to the District Treasury officer to whom it was pointed out that the provisions of the aforesaid code para. requiring the submission of specimen signature to the District Treasury officers only, but that officer apparently agrees with the Sub-Treasury officer, and a copy of his reply, purporting that according to the Civil Account Code the specimen signature of the relieving officer has to be sent to the treasuries upon which cheques are drawn, is enclosed for perusal.

3. This appears to me also to be reasonable, but the Public Works Code para. 379 A(2), according to which the Public Works Department authorities are to transact their business, is either defective or misleading on this point and requires amendment to be in keeping with the Civil Account Code.

4. I therefore request that you will be so good as to move the Government through the Secretary to the Code Committee with a view to necessary modifications being effected in the Code.

Enclosure.

From M.R.Ry. S. SRINIVASA RUNGA ROW, Puntulu Garu, Acting Treasury Deputy Collector, Nellore, to the Executive Engineer, Nellore Division, dated 23rd March 1892, No. 1338 Acct.

With reference to your endorsement on petition of G. Venkatramiah, contractor, I have the honour to state that under rule 18 of chapter I of the Civil Account Code a specimen signature of the relieving officer has to be forwarded to the treasuries upon which cheques are drawn by such officer himself.

No. 22 N.L.

Forwarded to the Chief Engineer, Public Works Department, for necessary action.

(Signed) J. HANNAN,
Superintending Engineer, II Circle.

9th April 1892.

ORDER—dated 20th April 1892, No. 1248 W., Public Works.

The rule in para. 18, chapter I of the Civil Account Code, should be observed.

2. The instruction in column 1 of the statement appended to para. 379 A and in para. 380 of the Public Works Code accords with the rule in the Civil Account Code. The word "District" in column 4 of the statement is thus obviously superfluous and should be omitted.
