From C. J. H. Watson Esq.,
Executive Engineer,
H. G. I. Works. *WJ*

To
The Superintending Engineer,
4th Circle,
Coimbatore.

Sir,

I have the honor to request you
will be good enough to sanction the dis-
bursement of Salaries of myself and my
establishment direct from this Office
in future instead of as at present
from the North Circuit Division.
Situating as we are in this Zemindary
with bad postal communications, with
no banks, and among people who do not
understand cheques at all and barely a
Government Currency Note. It is necessary
to forecast one's expenses with precision
to avoid having cash enough to tempt
thieves or on the other hand running
out

Out of funds and having to apply to you,
as I have done on more than one occasion,
to sanction small advances of pay. It
also ties one's hands in the matter of
travelling. An instance in point is
the Travelling allowance for November 1891.

The audited Bill was received from
Examiner 22nd December 1891. Cheques
are not yet to hand. One cheque
will include my Travelling allowance,
and that of Surveyor Ramachendra
Iyer and Office. He is under orders
of transfer and is starting and wants
his cash; I want mine for travelling.
I am, in anticipation of your sanction
making these 2 payments and writing
to North Arcot not to send that Cheque.

Another example also is Rama-
chendra Iyer's pay for December 1891.
He is relieved today and is entitled
to his pay to date. I must give it
him and instead of showing it in cash
book as "Salary" which it is, must
Call

call it as "Miscellaneous advance" which
it is not, and when pay cheque comes
I must show the amount as "recovered."

I have &c.

solicited may be given.
