READ—also the following paper:—

Office-note from the Secretary to Government, Military Department, to the Secretary to Government, Public Works Department, dated Fort St. George, 12th April 1892, No. 2503.

With reference to Public Works Department office-note, No. 1734 C., dated 4th April 1892, the Military Works Department will be unable to arrange for the provision of quarters for medical and military subordinates residing in stations which have not as yet been or never will be transferred to its control. Assuming that the Military Works Department will undertake the payment of all claims to house rent preferred by the subordinates above referred to, some inter-departmental arrangement seems necessary to enable it to do so, and it is suggested for consideration that the Executive Engineer of the division or district be authorized to furnish such certificates as may be necessary to support such charges in the accounts of the Military Works Department.

2. A very early reply is requested.

ORDER—dated 26th April 1892, No. 1313 W., Public Works.

In the Proceedings read above attention is drawn to the Standing Order of the Government of India under which compensation for quarters claimable by medical and military subordinates in military employ is to be paid by and adjusted against the Military Works Department.

2. It has, however, been represented that, to enable the Military Works Department to carry the order into effect at stations where there are no Military Works establishments, some aid from local Public Works establishments will be necessary. His Excellency the Governor in Council is accordingly pleased to direct that at such stations the Executive Engineer of the division in which they are situated will furnish such certificates as may be necessary to support claims in the accounts of the Military Works Department.
