Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture).

Dated 5th January 1882.

No. 79 *Mis.*

Mr. Chapman.

READ

G.O. dated 21st December 1891, N^o 6520

Mis. (Revenue Department).

Resolution:

In his letter to the Board, dated 1st December 1891, recorded in Board's Proceedings of Revenue Settlement, Land Records and Agriculture, N^o 777, dated 8th December, the Collector of Bellary reported that it was almost certain that relief works must be started at certain places in the district, in about a fortnight from the date of his letter and he applied for an allotment of Rs 50,000. A list of works intended to be taken up was forwarded by the Collector, the list including Department of Public works which

which the Commission considers should, in a time of distress, be taken up in preference to all others, Minor Irrigation works and local fund works.

2. In forwarding the Collector's letter to Government in the Proceedings above referred to sanction was requested to the grant of funds for local fund works and the Collector was informed that application for funds for the execution of repairs for major irrigation works should be made in the Public Works Department, but the Collector found it necessary to commence the work before sanction was received.

vide G.O. No. 1277 of
12th Sept. 85.

I have the honor to inform you that the Collector Bellary has requested me to start Famine Relief work on the 15th Instant on Geroji tank clearing pickly pear Esti. mate Rs. 4,385, and on the 20th Instant

start work on the Alihalli tank estimate Rs. 380.

2. But unless I stop work now in progress, I cannot provide money for these works, and I am not sure whether the Collector should arrange to provide funds under para 35 Famine Code, or whether I should specially apply for money. I cannot find any instructions in Chapter II Famine Code as to who should apply for funds in the case of Relief Works ordered to be carried out by the Public.

Works Department. However I
think a sum of Rs 1500 should be
placed at my disposal at once leaving
me to report, after the works have
been started, how much money, it
is probable, will be required for
them should distress continue.

I have the honor to be
