GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—again the following paper :—

G.O., dated 17th August 1891, No. 2218 W., Public Works.

Read—also the following paper :—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 1st April 1892, No. 48 G.D.

I have the honour to submit, herewith, copy of a letter, No. 865 S., dated the 22nd March 1892, received from Mr. C. M. Smith, Executive Engineer, Godávari Eastern Division, and to request that you will be so good as to ask Government to allow the re-erection of the church on part of the vacant plot of land near the Superintending Engineer's office.

2. The site plan was submitted to you with my letter, No. 283 G.D., dated the 9th May 1891.

Enclosure.

From C. MITFORD SMITH, Esq., A.M.I.C.E., Executive Engineer, Godávari Eastern Division, to the Superintending Engineer, I Circle, dated Dowlaishweram, 22nd March 1892, No. 865 S.

I have the honour to request that you will be good enough to give me permission to commence the rebuilding of the church on the site lately fixed upon. I have promises of subscriptions to the amount of about Rs. 700, and I expect to increase that amount shortly.

I can at any rate complete the walls and roof of the building, leaving the plastering and pointing, &c., to be completed when further funds are available. I have asked the chaplain to apply for a small grant from Ecclesiastical Repair funds, and I hope, if I can by that means get about Rs. 300, which I believe would have been readily given on a repair estimate, that I shall be able to complete the building; but I would suggest that it is *necessary* to have some place in which to put the fittings, *e.g.*, reredos, stained windows, &c., in a position where they will be safe from damage. The rebuilding of the fabric at once would be the best way of meeting this necessity.

I desire also to point out that, unless I am permitted to collect the promised subscriptions, these will, no doubt, lapse and the entire proposal will fall through. It is very desirable that the building should be completed before the rains.

No. 9.

Forwarded with a strong recommendation that the permission asked for be given.

(Signed) G. T. WALCH,
Chief Engineer for Irrigation.

Sir

I have the honor to request that you will be good enough to give me permission to commence the rebuilding of the Church on the site lately fixed upon. I have promises of subscriptions to the amount of about Rs 700, and I expect to increase that amount shortly.

I can at any rate complete the walls and roof of the building leaving the plastering & pointing &c to be completed when further funds are available. I have asked the Chaplain to apply for a small grant from ecclesiastical Repair funds and I hope, if I can by that means get about Rs 300, which I believe would have been readily given on a repair estimate - that I shall be

Order—dated 28th April 1892, No. 1346 W., Public Works.

The Government has no objection to the reconstruction of the Dowlaishweram church being undertaken by the Public Works Department, provided that no charge for the work falls on Provincial funds.

2. The work will be carried out under the rules in para. 1342, Public Works Code, the charge on account of establishment and tools and plant being waived under rule II of the same para.

3. The site indicated by the Superintending Engineer is approved.

FOR ORDERS.

The construction of the church by the P. W. D. might be sanctioned under para 1342 P. W. Code, and the contribution to be paid to Government on account of establishment and tools and plant might be waived under Rule II of the same para.

I won't object to this, provided no charge for the work falls on provincial funds.
