The amount wanted, so the W. H. Hospital next year was if I remember right stated to be 2 lakhs, of which only 1.55 could be provided. The estimate is over 5 lakhs, so there is no chance of its being finished next year. What is expected to be spent up to 31 March next?

I dissent from the Resolution which was passed in Council, on the ground that the work is not one which should fall on provincial funds, and in any case is not so urgent as to be preferred to other works for which adequate funds are not available in 1892-3.
