READ—the following paper :—

From Brigadier-General E. H. EYRE, Quarter Master General, Madras Army,
to the Secretary to Government, Military Department, dated Ootacamund,
29th May 1893, No. 1032 M.W.

I am desired, in accordance with Proceedings of Government, Military Department, No. 6777, dated 26th October 1892, to solicit that Government may be pleased to sanction the preparation of an estimate for providing the barracks at West Hill, Calicut, with lightning conductors, a work which, it is understood, will cost more than Rs. 500. I am also to ask that the work may be treated as an urgent one and funds for its execution provided at a very early date so as to ensure the safety of the building and the lives of the men in occupation, these barracks being, from their exposed position on a small isolated hill, peculiarly liable to be struck by lightning.

2. It has been brought to the notice of the Provisional Commander-in-Chief that quite recently a private of the Royal Scots was killed by lightning while confined in the prisoners' room and that the rifle of one of the guard was injured at the same time.

No. 3579, Military.

Approved and transferred to the Public Works Department with reference to G.O., No. 2806 W., dated 7th October 1892, for favour of further necessary action.

OOTACAMUND,
1st June 1893.

(Signed) H. R. HOPE, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 10th June 1893, No. 1549 W., Public Works.

The Superintending Engineer, IV Circle, will arrange for the submission of an estimate for the work at a very early date.
