To

His Excellency
The Right Honorable Beilby Baron Wenlock &c &c
Governor of Madras.

May it please your Excellency.

6/1352

I the parish priest of St Anne's church at Cocanada am building up here a bell tower after a stay of 20 years in this district.

The members of my congregation being comparatively poor and my mission (Vizagapatam mission) poorer again with all my endeavours to collect money I am falling short of resources to proceed with the work.

I venture therefore most respectfully to adress myself to your Excellency for some help and that with the full hope of being heard, the moreso as it is the small sum of 500 rupees only, is required more to continue and complete the work, the total cost of which I estimate to be about 3000 rupees.

As there may be some amount of money

set apart by your Excellency's Government for furthering and forstering extraordinary work of charity, I beg to hope your Excellency would be pleased to do me the great favour of granting me the 500 rupees to complete the said bell-tower.

By receiving this handsome help without much delay it would enable the work to go on without interruption.

Finally I beg your Excellency will allow my poverty my long services as missionary in India and my good object to plead earnestly for the success of my petition which if granted will, place me under deep and greateful obligation to your Excellency.

I have the honor to be.
the most humble and the
most obedient Servant
of your Excellency

JMabboux

OFFICE NOTE No. 1462 C

To 9/1352.

W.

Your office note No.505 D,of 7th. October 1892.

The rules in the P.W.D.Code regarding the building of Churches are contained in Section IV,Appendix M,vol. I,but nothing is said in them as to the addition of a bell-tower to a Church already in existence . Rule XVII however permits the application of the rules,"as far as may be,to the enlargement of existing Churches",and it may be held that the greater includes the less.

2. If this view be admitted,the concession sought appears admissible under Rule XVI,clause (b),subject to the conditions laid down in the three paras immediately following;but this is apparently contradicted by rule XV.

1 Collectors letter No. 4336/10.12.92 with its enclosures.

Sir,

Referring to your No. 2285 G.D. dated 11th February 1893, I have the honor to report that I have inspected the tower now under construction to the Roman Catholic Church at Cocanada.

2. The tower is almost finished, and, on the date of my inspection (9th March 1893) the woo work of roof of the 3rd story was being fixed. The whole of the tower has been plastered with the exception of about 6 ft. all round the inside of the top story. Judging from the exposed part, I should say that the bricks were of fair quality, but the work seemed such as is usually done by native bricklayers when not carefully instructed and professionally supervised. I was informed that the foundations are of rough stone in mortar and not of brick in mortar as shown in the estimate. I was informed that the 1st story was complete in the month of August last, and the 2nd story in the month of October. There are no signs of any cracks in the tower.

3. Owing to the manner in which the plan and estimate have been prepared, it is not possible to check them in detail, but so far as I can form an opinion, I think that the estimate amount

To

The Secretary to Government
Public Works Department
Madras

Sir,

In reference to Endorsement No 639 D dated 7th November 1892 on a petition from Revd. Mabbaux, Roman Catholic Priest Cocanada, I have the honor to report that St Annes is the only Roman Catholic church at Cocanada. Mr Ussher the Executive Engineer who has been deputed by the Superintending Engineer 1st Circle to inspect the belfry of the church under construction submits the enclosed report. The work as carried out is fairly good and the Estimated cost reasonable. In reference to Mr Ussher's Concluding remarks, the Priest in his letter d/5-5-93 reports that the wood characterised as

Very inferior has since been removed and replaced by better wood. Whether the belfry as now completed can be regarded as an "Enlargement of the Existing church" within the meaning of rule XVII referred to in para 2 of the Endorsement is not a matter upon which I think I am called upon to offer an opinion. The facts are plain and the only question is the interpretation of the rule. If I had to give an opinion I should say that it cannot be so regarded.

2. The church provides accommodation for 300 persons.

3. The grant applied for is only Rs 500 out of the total Estimated cost of Rs 3000.

4. The Enclosures are returned.

I have the honour to be
