No. 2237

SUPERINTENDING ENGINEER'S OFFICE,

V Circle, Madras,

Chennai, 16<sup>th</sup> May 1892.

From

Lieut. Col. Dmas Neil Campbell R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer

P.W. Department

SIR,

Enclosures. 3

to be returned.  
(2 Plans & 1  
Statement)

With reference to para 4 of G.O. No. 3430 W dated 18<sup>th</sup> December 1891, I have the honor to forward two Plans showing respectively, the upper and lower stories of the old Jail Buildings at Tranquebar, together with a statement giving the condition of each block, the probable cost of repair, the probable cost of demolition and the amount likely to be realised by sale of the materials.

2. As to the utilisation of the buildings by other Departments, the Executive Engineer reports that the Collector proposes that block No. 6 adjoining the rooms used as Sea Customs office, be rented at a nominal rent as a residence to the Superintendent of

of Sea Customs whose pay is only Rs. 35  
The Collector and the Sub Collector -  
consider that by thus providing accom-  
modation for the Superintendent of  
Sea Customs increased security would  
be afforded to the Sea Customs Treasury  
which is, now undesirably isolated.

3. The District Surgeon, after  
inspection of the buildings with a view  
to their utilisation as a Dispensary,  
considers that in their present condition  
the buildings are not suitable, the roof  
being low and the approach to the place  
tedious and inconvenient, and that  
to adapt the buildings for a Dispensary  
the floor should be lowered three or four  
feet, doors and windows suited to such  
alterations provided and the main gate  
facing north be opened to give access  
to the Dispensary from that side.

4. The Local Fund Board is  
at present paying Rs. three per  
month for two rooms.

5. The cost of improving these  
buildings will be very heavy and  
prohibitive. I consider therefore that  
with the exception of the rooms  
occupied as Sea Customs office and  
those

those asked for by the Collector as a  
residence of the Sea Customs Super-  
intendent, the buildings should be  
dismantled.

I have the honor to be  
Sir

ENCLOSURES. 3.

(2 Plans)

No 223 W

Old Jail Buildings

at Traugottbar

Reports on the —

P. W. DEPARTMENT.

Read the following:—

Letter from the S. C. I Circle No. 223 W  
dated 16<sup>th</sup> May 1892.

1614/3

FOR ORDERS.

The cost of demolishing  
these buildings much  
exceeds the anticipated  
realization from the  
sale of the material.

2. It would seem  
necessary that the  
following blocks  
should be retained  
viz 5-6-7 and 8.

The cost of demolishing  
the remaining blocks  
will be £385, and  
the sale of this  
material is expected  
to realise £46/-.

S

guy

20 May.

I would let them all be.  
It is not worth while  
demolishing them.

Wes  
22 May.

No. 1614 W of 27 May 1892  
PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

1614/4

From the Suptg Engineer I Circle S.E. No. 223 W  
dated 16<sup>th</sup> May 1892.

There is no objection to  
Block No. 6 of the old  
jail buildings at Tron-  
quebar being occupied  
as a residence by the  
Superintendent of Sea  
Customs. Under clause  
(2) Rule VII para 1041  
P.W. Code the rent to  
be charged will be subject  
to a minimum of 5 per  
cent of the Superintendent's  
pay.

2. The other blocks not  
in use will be allowed

to stand, as the estimated  
cost of their demolition  
greatly exceeds the  
anticipated proceeds  
of the sale of the  
materials.
