GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following paper :—

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 21st August 1891, No. 427/W.

I have the honour to request you will be good enough to obtain the sanction of Government to have the Wynaad sub-division added to the list of special sub-divisions, under para. 1621 C. of the Public Works Code, to enable the Sub-Divisional Officer to make part-payments to contractors on his own responsibility without previous check by the Divisional Office.

2. I have satisfied myself as to the necessity of this arrangement, otherwise the progress of works in the sub-division will be retarded. It is very essential in the unhealthy climate of Wynaad that the work-people should be paid as often as possible.

Order—dated 4th September 1891, No. 2358 W., Public Works.

Sanctioned.

(True Extract.)

162/3

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 14th December 1891, No. 7776.

Submitted for favour of early sanction of Government to the issue of the accompanying circular letter to Executive Engineers, authorising the discontinuance of certain forms of procedure in the accounts of divisional offices with effect from 1st January 1892.

2. The objections raised by Executive Engineers to the present procedure under I, II, III and IV will be found in the letters herewith forwarded in original (to be returned). They are most practical objections and I may say that the procedure complained of is peculiar to this province.

3. The rule under V is nowhere else laid down or observed and I believe the Chief Engineer is one with me in the opinion that it unduly fetters Executive Engineers in the execution of work.

4. VI is a most troublesome task to Superintending and Executive Engineers which is not required under the Civil Service Regulations.

5. What is tantamount to an "annual verification of service books" is ordered to be done in the *Examiner's* office in connection with certain detailed annual statements of establishment that are received from each Superintending Engineer and Executive Engineer for each official year.

6. When the Government of India Code is introduced, the rules here brought to notice will disappear ; but, in view to relieving divisional offices of unnecessary burdens at once, I would strongly recommend that the proposals herewith submitted be brought into effect from 1st January 1892.

Enclosure.

From I. S. SHERLOCK-HUBBARD, Esq., Officiating Examiner, Public Works Accounts, to all Executive Engineers, dated Madras, 14th December 1891, No. 7775.

Under the orders of Government, as contained in G.O., No. 3405 W., dated 17th December 1891, the following changes of procedure should be observed with effect from 1st January 1892 :—

I. The second cash-book ordered in appendix Z, para. 2, should be discontinued and all transactions should be recorded in one cash-book under the respective columns, "cash" and "bank or treasury."

II. Cheques should be entered in the cash-book as paid on the dates on which they are drawn without waiting until they are finally made over to the payee as ordered in para. 1744-A.

(i) This will of course dispense with the register (form No. M. 3-A) prescribed in para. 1744-B.

III. The prohibition in para. 1602-A against the receipt in cash of dues to Government is removed.

IV. Orders for payment of contractors' and other bills should be recorded on the bills themselves, without the use of the form of pay-order, in trefoil, prescribed in appendix Z, para. 10.

V. The restriction imposed in para. 1344-A against getting certain descriptions of work done by piece-work is removed, and it is left to Executive Engineers to get any kind of work done either by piece-work or by contract at their own discretion.

VI. The annual verification of service books, as laid down in para. 864, is countermanded. All that is necessary in connection with these books is—

(i) That every event in a man's service is recorded in his service book *at the time of its occurrence.*
(ii) That every entry is attested, as soon as *it is made*, by the head of the office.
(iii) That the annual detailed statements of establishments as of the 1st April of each year, which are now rendered to the Examiner, are proved by comparison with entries in service books.

Note by the Chief Engineer, Public Works Department.

I concur in the Examiner's proposals as regards items I, III, IV, V and VI.

2. The maintenance of a second cash-book is sheer waste of stationery and space.

3. Para. 1344-A is at present practically a dead letter, as it is inconceivable that the Chief Engineer should refuse his sanction to the execution as "piece-work" of any work which a Superintending Engineer recommended for execution in this manner. The selection of the agency by which work is executed should be usually left to the Executive Engineer, subject only to the general control of the Superintending Engineer, for which no special rules are required.

4. I am not able to concur in proposal II; it is desirable that a record should be maintained of all cheques not actually handed to the payee, and, if the rules contained in para. 1744-A—C, or something equivalent to them, are not contained in the Government of India Code, it will be a question whether they should not be introduced.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

14th December 1891.

ORDER—dated 17th December 1891, No. 3405 W., Public Works.

His Excellency the Governor in Council approves of the Examiner's proposals as regards items I, III, IV and V.

2. As regards item II, His Excellency the Governor in Council agrees with the Chief Engineer that it is desirable that a record should be maintained of all cheques not actually handed to the payee. The existing practice in this respect will accordingly be maintained, and the Examiner will explain how far the rules of the Government of India Code accord with the procedure prevailing in this Presidency.

3. The annual verification of service registers dealt with under item VI is a useful measure prescribed by the Pension Department for certain purposes which must be provided for in the Public Works Department as well as other departments. The Examiner will accordingly explain his proposals fully and submit forms to illustrate the desired amount of verification. The matter will thereupon be referred to the Pension Department for consideration.

4. Subject to these modifications the proposed circular can be issued by the Examiner.

Orders on proposals of the Examiner, Public Works Accounts, regarding the discontinuance of certain forms of procedure in the —.

1622/4

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

From the Superintending Engineer, IV Circle, dated 27th January 1892, No. 47 W.

Order—dated 8th February 1892, No. 386 W., Public Works.

The sum of Rs. 10,000 or Rs. 12,450 inclusive of the usual percentage charges for establishment and tools and plant, surrendered from the grant for constructing barracks with subsidiary buildings at Calicut, is replaced at the disposal of the Government of India, Military Department, who will be requested to provide the allotment of Rs. 3,850 required to meet the cost of the building at Yercaud purchased for the accommodation of the Sergeant Instructor attached to the Rifle Volunteers at that station. The cost of that portion of the building which is to be set apart for an armoury, viz., Rs. 950, should be recovered from the corps—*vide* G.O., No. 136 W., dated 15th January 1892.

2. The surrenders of Rs. 2,300 and 370 from the grants to the West Coast and Coimbatore divisions under Imperial Military and Postal Repairs are resumed and credited to the reserve with the Government under the respective heads.

3. The following surrenders are resumed and credited to the Provincial reserve with the Government :—

Provincial.

		RS.
	Civil Buildings—Major Works.	
1.	Improving the Accounts branch of the Collector's office at Coimbatore	408
2.	Constructing Collector's office at Calicut	10,000
3.	Combined office for the Tahsildar and Sub-Magistrate, Mangalore.	2,000
4.	District Munsif's Court at Karkal	10,000
5.	Sub-Registrar's office at Kásaragód	1,000
6.	Sub-Magistrate's office, Anjengo	5,000
7.	Do. Tangachéri	5,000
8.	Sub-Registrar's office at Kuttayadi	900
9.	do. at Naduvanur	1,600
10.	do. at Panur	1,000
11.	do. at Audathode	2,000
12.	Taluk office at Manantoddy	5,000
13.	Sub-Registrar's office at Vayitri	5,300
14.	Constructing 6 police huts at Sutlan's Battery, Wynaad ...	1,400
15.	Do. a 3rd-class police station at Pondicode	1,295
16.	Do. a magazine and dead-house at Calicut	2,000
17.	Police station at Parli	1,400
	Minor Works.	
18.	Lump sum grant, West Coast division	1,500
	Communications.	
19.	Constructing rough stone revetment to the left approach of the Sholadi bridge on the Vayitri-Gúdalúr road	300
	Miscellaneous Public Improvements.	
20.	Lump sum grant, minor works, West Coast division	500
	Tools and Plant.	
21.	Lump sum grant, West Coast division	900
	Total ...	57,903

4

4. In addition to the budget grant of Rs. 600 to the West Coast division under Imperial Postal Repairs, an allotment of Rs. 900 is applied for by the Superintending Engineer, IV Circle; Rs. 400 having been allotted in G.O., No. 3358 W., dated 12th December 1891, the amount now required is Rs. 500. To meet this demand, a sum of Rs. 370, being the available balance of the reserve with the Government under Imperial Postal Repairs, is allotted and the balance, viz., Rs. 130, is provided by transfer from the reserve under Imperial Telegraph Repairs.

5. The sum of Rs. 60 required for the Coimbatore division under Imperial Telegraph Repairs is allotted from the reserve with the Government under that head.

6. The Government of India Public Works Department will be requested to provide the additional allotment of Rs. 2,000 required for improving the salt gollah at Tellicherry by transfer from "5. Salt" to "45. Civil Works—Imperial."

7. The following appropriation is made from the Provincial reserve:—

	RS.
Civil Buildings, Repairs, Coimbatore division	431

8. The Superintending Engineer will fully explain the necessity for the following demands:—

	RS.
1. Constructing 14 police huts at Cochin	2,000
2. Taluk office at Badagara	2,000
3. Sub-Registrar's office at Manantoddy	2,700

It is desirable that a saving should, if possible, be effected on the current year's allotment of Rs. 2,00,000 for the Vayitri-Gúdalúr road, the expenditure against which up to December 1891 has only reached Rs. 1,39,144. The Superintending Engineer will report whether this cannot be done.

Sir,

With reference to your No. 102/W.C. of 15th March 1892 I have the honor to submit my following remarks to several queries therein asked in connection with Report of Inspection of this Division of November 13th 1891:-

Item No. 5 of Summary. Register of cheques drawn but not paid away in Form No. M 3 A is now maintained in Sub division.

Item No. 9. The discrepancy noticed was adjusted in the Works accounts for January 1892.

I have &c.
