NOTES
-6 MAY 92

REFERENCE TO MADRAS P. W. D. CODE
EDITION OF 1885.

PARAS 25 & 26.

1. The column headed "present scale" should invariably show the *estimated* scale for the time being and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum plus two-thirds, or if the appointment is a ministerial one, plus three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the fraction should be decreased by 1/5th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

6 years = $1 - \frac{1}{5} = \frac{4}{5}$
7 years = $1 - \frac{2}{5} = \frac{3}{5}$
8 years = $1 - \frac{3}{5} = \frac{2}{5}$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

Enc. 1
1 Proposition
Statement.

Sir,
I have the honor to forward herewith a proposition statement for the entertainment of 2 watchmen to look after the large number of tools stored in the North Arcot Division, and to request you will be good enough to obtain the sanction of Government to the same.

2. In his no. 47, dated 21st ultimo, the Executive Engineer reports that with one watchman the stores of the Division in the Mahal in the Vellore Fort cannot possibly be looked after at all times, as there is a very large number of tools there, I consider that two watchmen should be employed. Last month an attempt at entry was made, but whether with success

or

31/5/92

or not is difficult to ascertain.

3. The pay of a watcher has hitherto been debited to an Estimate sanctioned under "Provincial Tools and Plant" with reference to G.O. No. 2987 W, dated 22nd October 1883, and the sanction of Government is now submitted under para 19 of Madras Public Works Code.

I have the honor to be,
Sir,
Your most obedt servant,

A. E. Buchanan Lt. Col. R.E.
