I am directed to acknowledge the receipt of your letter No. 1353 W., dated the 29th ultimo, stating that 100 additional copies of volumes I and II of the Public Works Department Code will be required if every officer, upper subordinate and accountant is to be provided with a copy and submitting, for consideration, the question as to whether accountants should be provided with private copies.

2. In reply, I am to invite attention to the rule in the Public Works Department Code, volume I, chapter IV, para. 25, regarding the supply of the Code to officers and subordinates and to say that the Superintendent, Government Printing, India, will doubtless supply the additional copies actually required on indent by the Government of Madras.

3. 3. Of the 300 copies of volume II of the Code received from the Government of India, 187 have been distributed as service copies for use in *offices*, but, of these, 86 * copies have been issued for Sub-divisional offices. The balance † of the stock in the Secretariat will also be made over to the Examiner for the same purpose. The price of each volume will be ascertained from the Superintendent, Government Printing, Calcutta. Three hundred copies of each standing order to the Code will, in due course, be received in the Secretariat. Offices having service copies of the Code will

For orders. (1667) 1353 W

187 Copies of the Code have been distributed, but if the Subdivision office Copies, 86, are withdrawn, the number of Service copies will be reduced to 101. There will then be 199 copies available for sale to officers and subordinates, including Accountants, as contemplated by the Govt of India.

It would perhaps be well to make over these copies to the Examiner for sale & recovery of cost. He would also have to see that those who purchase copies of the Code are regularly supplied with Standing Orders. The Standing Orders might all come to the Secretariat and we would see that all offices in possession of Service copies of the Code got the proper number of Standing Orders, the balance being made over to the Exr: for distribution to officers
