GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From the Executive Engineer, Trichinopoly Division, to the Superintending Engineer, VI Circle, dated 17th September 1891, No. 409 S.E.

With reference to your endorsement No. 821 T.C., dated 27th ultimo, I have the honour to inform you that the establishment of the Thottiam Chinnavoikal alone was transferred to the Revenue Department.

2. Though the heads of Thottiam Periavoikal and Chinnavoikal are close together, yet for the former a separate lascar on a salary of Rs 4 per mensem is employed for the last many years. This lascar continues still under the orders of this department, as no orders appear to have been received for handing over him to the Revenue Department.

3. As the water regulation of the Thottiam Periavoikal is with the Revenue Department, I think the establishment attached to it may also be transferred to that department. I request your sanction to the same.

4. The information asked for in para. 2 of your memo. No. 1172 T.C., dated 6th January 1891, has been supplied already. Please see in this connection para. 4 of the Tahsildar's arzi No. 584, dated 14th April 1891, forwarded as enclosure to this office No. 66 S.E., dated 1st May 1891. A copy of the arzi referred to is enclosed for your information.

No. 948 T.C.

From the foregoing letter and from the copy of the Tahsildar's arzi which accompanied it, it is observed that the water regulation of the Thottiam Periavoikal is also with the Revenue Department and so the lascar should have been transferred to that department. If no orders were received regarding his transfer, the Executive Engineer should have made a reference on the matter to the Collector or to this office. It is objectionable to retain a servant on the active list while he has no proper or legitimate work to do.

2. The Executive Engineer should now ask the Revenue Department to take over the lascar under its charge.

19th September 1891.

(Signed) J. W. MARTIN,
Superintending Engineer, VI Circle.

No. 949 T.C.

Copy forwarded to the Chief Engineer for Irrigation, through the Examiner, Public Works Accounts, in continuation of this office No. 820 T.C. of the 27th August 1891.

19th September 1891.

(Signed) J. W. MARTIN,
Superintending Engineer, VI Circle.

From Lieut.-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 25th May 1892, No. 284 T.C.

In forwarding copy of this office endorsement No. 1327 T.C., dated 7th December 1891, on letter from the Executive Engineer, Trichinopoly division, No. 574 S.E. of the 3rd idem, and in continuation of this office No. 949 T.C., dated 17th September 1891, I have the honour to inform you that the conservancy lascar employed on the Thottiam Periavoikal in the Trichinopoly district was not taken over by the Revenue Department, as the Korambus at the heads of the Thottiam channels (Chinnavoikal and Periavoikal) can be easily managed by the Chinnavoikal establishment, which was transferred to that department—*vide* G.O., No. 2634 W., dated 1st October 1891.

2. The services of the lascar employed on the Periavoikal on Rs. 4 were therefore dispensed with on the 1st October 1891, and an application for compensation gratuity was submitted for sanction through the Examiner of Public Works Accounts, but this officer requests to obtain the necessary sanction of Government for abolishing the applicant's appointment.

3. Under these circumstances, I request that the orders of Government may be obtained for the abolition of the appointment in question.

ENCLOSURE.

From the Executive Engineer, Trichinopoly division, to the Superintending Engineer, VI Circle, dated 3rd December 1891, No. 574 S.E.

In continuation of this office No. 424 S.E., dated 25th September 1891, I have the honour to inform you that the Head Assistant Collector, Trichinopoly, states in his letter, No. 493, dated 28th ultimo, that lascar Kristnier employed on the Thottiam Periavoikal cannot be taken over by his department unless this department provides funds for his salary and that his services are not needed and cannot be met from the cess collected from the ryots and to request therefore the favour of your instructions on the subject.

2. Kristnier was relieved from this division on the 1st October 1891, and ordered to report himself to the Head Assistant Collector, who was already in this office letter No. 484 M., dated 13th October 1891, clearly explained that the lascar is a permanent man and that he should be taken over as the water regulation of the channel in question is vested in the Revenue department.

No. 1327 T.C.

The attention of the Executive Engineer is drawn to the Government order communicated with this office endorsement No. 1312 T.C., dated 3rd December 1891. If the services of the lascar are not required by the Revenue Department, the required application for his pension should be submitted without delay.

(Signed) W. HUGHES,
Superintending Engineer, VI Circle.

7th December 1891.

No. 13 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a request that the sanction of Government be obtained for the abolition of the appointment in question.

CHEPÁK,
31st May 1892.

(Signed) G. T. WALCH,
Chief Engineer for Irrigation.
