# GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

From the Officiating Under-Secretary to the Government of India, Public Works Department (Account—Civil Works), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 25th May 1892, No. 109 A.—C.W.

I am directed to acknowledge the receipt of the final issue * of the Provincial Civil Works budget estimate for 1892–93.

2. With reference to the distribution of the provision for establishment given on page 43 of the estimate, I am to point out that the debit to "35. Construction of Protective Irrigation works" has been shown as Rs. 83,398 instead of Rs. 82,276. This will necessitate an increase of Rs. 1,122 to the debit to Provincial Civil works on account of establishment and a corresponding reduction in the grant for works and repairs. I am to request that the necessary corrections may be reported to the Government of India at an early date.

3. With reference to the note at foot of Appendix C on page 48, I am directed to request that this part of the budget estimate may be prepared from the final issues of the several budget estimates in future.

4. I am to bring to notice the following errors in Appendix E—

(a) The charge to "43. Minor Works and Navigation Provincial" for establishment during 1890–91 is shown as Rs. 7,10,147 instead of Rs. 7,75,327. The difference of Rs. 65,180 represents the cost of the special establishment employed for the Dowlaishweram Workshops, the Tungabhadra channel project and for Tank Restoration works.

(b) The amounts shown against "35. Protective works" as the current year's grants for works and establishment should be Rs. 3,63,724 and Rs. 82,276, respectively, instead of Rs. 3,62,602 and Rs. 83,398; and the amounts shown against "43. Minor Works and Navigation Provincial" for works and repairs should be Rs. 8,44,686 and Rs. 15,66,016, respectively, instead of Rs. 8,50,686 and Rs. 15,60,016.

5. I am to request that the necessary corrections may be carried out in all spare copies of the budget estimate.

---

Order—dated 11th June 1892, No. 1732 W., Public Works.

The requisite adjustment indicated in para. 2 of the letter of the Government of India will be made by reducing the Provincial reserve from Rs. 1,71,890 to Rs. 1,70,768, the difference, Rs. 1,122, being added to grant for establishment under Provincial.

2. The corrections referred to in para. 4 will be carried out in all spare copies of the budget.

---

* Forwarded under your endorsement, No. 1301 W., dated 25th April 1892.

3. The Examiner of Public Works Accounts will, in future, prepare Appendix C to the Provincial budget from the final issues of the several budget estimates.

## PUBLIC WORKS DEPARTMENT.

**General.**
**Account.**

Letter—from

Colonel J. PENNYCUICK, R.E.,
*Secretary to the Government of Madras,*
*Public Works Department,*

To

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

I am directed to acknowledge the receipt of your letter, No. 109 A.—C.W., dated 25th May 1892, pointing out certain discrepancies in the final issue of the Provincial Civil Works budget estimate for 1892–93.

2. The adjustment indicated in para. 2 has been duly made by reducing the reserve under Provincial Civil Works from Rs. 1,71,890 to Rs. 1,70,768, the difference, Rs. 1,122, being added to the grant for Establishment Provincial.

3. As regards para. 3 of your letter, I am to say that Appendix C will, in future, be prepared from the final issues of the several budget estimates, but to point out that in this case it would perhaps be well to submit it as a separate document in continuation of the Provincial budget estimate so as to prevent delay to the latter, the issue of which would thus be dependent on that of all the other budgets. Some of these, the Irrigation budget particularly, are seldom in advance of the due date.

I have the honour to be,
Sir,
Your most obedient servant,

Colonel, R.E.,
Secretary to Govt., P.W.D.

Fort St. George,
11th June 1892.

## Provincial Budget for 1892-93

The Government of India addressed regarding steps taken to remedy the discrepancies pointed out in the final issue of the —

---

× 54 of the complete copy

## Note by Budget Supdt.

In the accompanying letter, the Govt. of India points out certain discrepancies in the final issue of the Provincial Budget for 1892-93.

The debit to "35, Construction of Protective Irrigation Works" on account of Establishment shown on page 43× of the budget estimate was based on the figures furnished by the Chief Engr. for Irrign. in his office note No: 117 d/13th April 1892. The corrections referred to by the Govt. of India were intimated by the Chief Engr. for Irrign. in his No: 138 d/27th April 1892, but the information was received too late for incorporation in the Provincial Budget which had already been finally passed by Govt. vide G.O. No: 1351 W d/29th April 1892. All the final budgets are to reach the Govt. of India before the 1st May in each year and in compliance with this rule, all the budgets except those of the Irrigation Branch are always forwarded to the Govt. of India long before the fixed date. The distribution of grants for works and repairs under Provincial is decided on only after fixing the

Contributions

contributions for Establishment under all other funds and any modifications that may be subsequently made in those contributions will upset the original programme. If the compilation of the Provincial Budget is to be deferred till the Irrigation budgets are finally approved by Govt., the former cannot reach the Govt. of India in time. It is therefore impossible to put a stop to the recurrence in future of the discrepancies noticed by the Govt. of India unless the Chief Engineer for Irrign. adheres to the figures once furnished by him or makes no alterations in his budgets unless those modifications are adopted in the Provincial Budgets.

The alteration pointed out by the Govt. of India will necessitate an increase of Rs 1122 to the debit to Provincial Civil Works on account of Establishment and a corresponding reduction in the "Works" grant. The best course to effect this reduction without disturbing the budget programme, will be to reduce the reserve with the Govt. from Rs. 171,890 to Rs. 170,768 The Govt. of India will be informed accordingly.

With reference to para 3 of the Govt of India letter, it is submitted that if the Appendix C should be prepared from the final issues of the several budget estimates as desired, and if the Provincial Budget should reach the Govt. of India by the fixed date, the Appendix C cannot be submitted as an accompaniment to the Provincial budget. There would however be no difficulty in submitting it separately after the issue of the final budgets under all heads. The Govt. of India will be informed accordingly.

1732-33

The erroneous entries referred to in para 4(a) of the letter from the Govt. of India were taken from pages 23 and 24 of the accompanying Finance Accounts for 1890-91. These pages exhibit the total charges for Provincial Establishment and the distribution of the same under different funds. The special establishment employed for the Dowlaishweram Workshops, the Tungabhadra Channel project, and Tank Restoration Works appears to have been omitted in these statements as it is charged directly to Irrigation and not included in the usual percentage charges.

The modifications referred to in para 4(b) of the letter were intimated by the Chief Engineer for Irrign. too late for incorporation in the Provincial Budget. Please see para 2 of the note.

The Govt. of India will be informed that the corrections noticed in para 4 will be carried out in all spare copies of

request that the necessary corrections may be reported to the Government of India at an early date.—

3. With reference to the note at foot of appendix C on page 48 I am directed to request that this part of the Budget estimate may be prepared from the final issues of the revised budget estimates in future.—

4. I am to bring to notice the following errors in appendix E.

(a) The charge to "43 minor works and Navigation Provincial" for establishment during 1890/91 is shown as Rs 710,147 instead of Rs 775,327. The difference of Rs 65,180 represents the cost of the special establishment employed for the Dowlaishweram Workshops, the Tungabhadra channel Project and for Tank Restoration works.

(b) The amounts shown against "35 Protective works" as the current years grants for works and establishment should be Rs 363,724 and Rs 82,276 respectively instead of Rs 362,602 and Rs 83,398 and the amounts shown against "43 minor works and Navigation Provincial" for works and Repairs should be Rs 844,686 and Rs 15,66,016 respectively instead of Rs 8,50,686 and Rs 15,60,016.

I am to request that the necessary corrections may be carried out in all spare copies of the Budget estimate.—

To
The Secretary to the Govt. o
P. W.

Sir, I am directed to

the receipt of your letter
No. 109 A.C.W. d/ 25 May 1892
pointing out certain discrepancies
in the final issue of the
Provincial Civil Works Budget
Estimate for 1892-93.

2. The adjustment indicated
in para 2 has been duly
made by reducing the
reserve under Provincial
Civil Works from Rs. 171,890
to Rs. 170,768, the difference
Rs. 1122 - being added to the
grant for Establishment,
Provincial.

3. As regards para 3 of
your letter, I am to say that
Appendix C will in future
be prepared from the final
issues of the several budget
estimates, but to point out
that in this case, it would
perhaps be well to submit
it as a separate document
in continuation of the
Provincial Budget Estimate,
so as to prevent delay to
the latter, the issue of which
uld may be dependent on that
ll the other budgets.
e of these, the Irrigation
t particularly, are seldom
vance of the due date.
