31st MAY 1892, No. 594, FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From J. F. FINLAY, Esq., Secretary to the Government of India, Finance and Commerce Department (Accounts and Finance—Provincial Finances), to the Chief Secretary to the Government of Madras, dated Simla, 12th May 1892, No. 1997.

I am directed to acknowledge the receipt of your letters, Nos. 1262 and 1340, dated, respectively, the 1st and, 18th December 1891, on the subject of the terms of the contract relating to Provincial revenue and expenditure in Madras for the five years commencing from 1st April 1892.

2. The terms finally adopted for the contract have been communicated to you in Resolution No. 1149, dated the 17th March 1892. As therein stated, the contract is a consolidated one for all Provincial revenue and expenditure and not a collection of separate contracts for each head, and all the terms and conditions of the contract are declared in that resolution. The correspondence which this letter will close is not to be considered as forming part of the contract, but as merely explanatory of the conclusions embodied in it.

3. In my letter, No. 4384, dated 23rd October 1891, it was proposed, for the purpose of settling the terms of the new contract, to estimate the total Provincial revenue and expenditure, calculated under the contract which ended on 31st March last, as follows:—

|                                                             | RS.         |
|-------------------------------------------------------------|-------------|
| Revenue excluding adjustments through the Land Revenue head | 2,58,28,000 |
| Adjustments through the Land Revenue head                   | 35,16,000   |
| Total Provincial Revenue                                    | 2,93,44,000 |
| " " Expenditure                                             | 2,77,21,000 |
| Surplus                                                     | 16,23,000   |

4. After careful consideration of the representations made in your letters of the 1st and 18th December 1891, of the revised estimates for the year 1891-92, and of the general financial position, the following figures were adopted as the estimate for the new contract in lieu of those stated in the preceding paragraph:—

|                                           | RS.         |
|-------------------------------------------|-------------|
| Revenue excluding adjustments             | 2,57,68,000 |
| Adjustments through the Land Revenue head | 35,16,000   |
| Total Provincial Revenue                  | 2,92,84,000 |
| " " Expenditure                           | 2,82,46,000 |
| Surplus                                   | 10,38,000   |

This surplus is, as stated in paragraph 36 of the Financial statement for 1892-93, the amount which is held to have been resumed by Imperial revenues in the revision of the contract.

5. The following alterations in the terms of the contract, which ended on 31st March, were incorporated in the new contract, namely,—

- (a) that proposed in paragraph 4 of my letter of the 23rd October, 1891, with the modification that the cost of licensees' works will continue wholly Provincial;
- (b) those proposed in paragraphs 5 to 10 of the same letter;
- (c) that proposed in clause (3) of paragraph 41 of the same letter;
- (d) all Police charges including Railway Police will be Provincial;
- (e) the salaries and allowances of officers on the cadre of the Civil Veterinary Department will be Imperial, but all other charges of that department will be Provincial.

6. The result as regards Madras of the statement showing the average amounts of Inter-Provincial adjustments in past five years, mentioned in paragraph 10 of my letter of the 23rd October 1891, is that payments to the average net amount of Rs. 32,000 have been made by Madras on account of other Provinces and adjusted in its favour through the Land Revenue head. The allowance for the stoppage of Inter-Provincial adjustments which has to be made under the paragraph just quoted is therefore an addition of Rs. 32,000 to the estimate of Provincial expenditure adopted for the contract.

7. Allowance being made for the effect of these alterations, the following are the estimates of the total Provincial revenue and expenditure adopted for the new contract:—

|                                                                                                                             | Rs.                |
|-----------------------------------------------------------------------------------------------------------------------------|--------------------|
| Revenue excluding adjustments through the Land Revenue head .. .. .                                                         | 2,47,95,000        |
| Adjustments through the Land Revenue head .. .. .                                                                           | 32,54,000          |
| <b>Total Provincial revenue .. .. .</b>                                                                                     | <b>2,80,47,000</b> |
| <b>Total Provincial expenditure including Rs. 32,000 on account of the stoppage of Inter-Provincial adjustments .. .. .</b> | <b>2,80,47,000</b> |

8. With reference to your telegram of the 23rd January regarding the Forest Account office, I am directed to say that the cost of an account office maintained specially for a particular department is under rule taken as a charge of the department, and that no change was therefore made in the classification of the charges of the Forest Account office in Madras in settling the terms of the new contract.

9. For the reason stated in paragraph 5 of the Resolution of 17th March 1892, the explanations given in this letter do not give details of the figures adopted for each head of revenue and expenditure.

Copy forwarded to the Comptroller and Auditor General and the Accountant-General, Madras, for information.

has been sanctioned. If, however, the work has not yet been put in hand, it will be considered in the Public Works and Judicial Departments whether the proposed expenditure might not be saved by utilising the present taluk cutcherry for the Sub-Registrar's office.

(True Extract.)

(Signed) C. A. GALTON,  
Ag. Secretary to Government.

*Note by the Chief Engineer, Public Works Department.*

The estimate of Rs. 17,190 for constructing a first-class taluk office at Villupuram in the South Arcot District has been reduced to Rs. 15,720 by the omission of the provision for a ryot's shed and sub-jail latrine; and the reduced amount is recommended for the sanction of Government.

2. Data lists have been submitted for some items that are in excess of the schedule rates; but this procedure is not approved; the proper course would have been to make the necessary alterations in the schedule and communicate the same to the Chief Engineer; data lists should only be furnished when work of some special character is contemplated; it is obvious that schedules of rates are of no use if estimates for ordinary works are to be accompanied by data working up to different rates.

(Signed) J. O. HASTED, Colonel, R.E.,  
Chief Engineer, P.W.D.

21st August 1888.

ORDER—dated 24th August 1888, No. 2616 W., Public Works.

The estimate, amounting to Rs. 15,720, as reduced by the Chief Engineer, for constructing a taluk office at Villupuram in the South Arcot District, is sanctioned.

2. Attention is drawn to the Note by the Chief Engineer above recorded.

3. With reference to para. 2 of the order in the Revenue Department, it is observed that the new office for the Sub-Registrar at Villupuram was completed in 1887-88. When the new taluk office is approaching completion, the Superintending Engineer will, in communication with the Collector, submit proposals for utilising or disposing of the existing building.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 74 W. of 1888-89, and classified as Civil Buildings, Original Works.

5. The Superintending Engineer will furnish the Examiner, Public Works Accounts, direct with a copy of the abstract estimate working up to the amount sanctioned.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,  
Secretary to Govt., P.W.D.

To the Superintending Engineer, V Circle, with five enclosures.
