Note.

The accompanying statement
comprises the demands of Supt.
Engineers and the P. A. on ac-
count of incomplete works of
1891-92 and of new works sanc-
tioned but not yet commenced.

2. A sum of Rs 17,890 was
reserved in the budget for
incomplete works, but the
modification of grant pointed
out by the Government of India
(C. No 5782 which will be sepa-
rately disposed of) will re-
duce the amount to Rs 17,07.

The budget provision of Rs 23,
for Item 124 and Rs 2485 for
Item 125 may be withdrawn,
the works having been
practically completed last
year, and a further sum
of Rs 1500 surrendered by
the Suptg Engineer I Circle
from the grant for the Temple
D^s under Civil Buildings
Repairs is also available.
Adding these three sums the
amount

What we have in
124 and 125 - By
copy of the budget
and p. 124 up to 82

Amount available for allotment is Rs 1,77,123.

The demands amount to Rs 4,32,622 as shown below:-

In Complete works.	Civil Buildings, major works.	Rs 1,99,944

	Civil Buildings Minor works.	29,864.

	— do — Repairs	2,389.	
	Tools and Plant	3,750.	28,914
Total Rs.			4,32,622

The demands for incomplete works alone exceed the available amount. Nothing is therefore left for new works. The grants proposed for the following incomplete works may perhaps be disallowed ~~for works for~~ which

Yes

Yes

I don't think it will be advisable to refer grants for them. The amount provided for them was more than 5 lakhs.

(a) Works for which the demands are less than Rs 500 and for which no appropriation is necessary under Code para 190B Part III (Items 2, 70, 91, 92, 124, 139, 144, 145, 147 and 149 amounting to Rs 2950).

(b) Works for which funds have been applied for in addition to the budget grants (Items 12, 13, 31, 40, 49, 65, 81, and 107 amounting to Rs 18,964). These demands may be considered later in the year.

(c) Works for which estimates have not yet been sanctioned (Items 16, 51, 52 - Rs 16,000)

(d) Works for which grants have been applied for in excess of the original estimates pending sanction to the revised estimates (Items 8, 9, 60, 61 and 93. Rs 34,281).

(e) Works for which funds have been applied for in excess of the sanctioned estimate without any explanation for the excess (Items 32 and 53 - Rs 40,711). The total of these savings amounts to Rs 76,266.

5. In the case of all other incomplete works for which

which the demands are less than
5000 each, appropriations
full have been proposed
the statement to the extent
Rs 123629 as any reduction
in the grants for such works
will be in considerable. The
demand for allotments exceeding
Rs 5000 in amount (vide items -
22, 23, 24, 39, 84, 88, 94, 96, 99, 101 & 102)
is Rs 105260, while the sum
available after deducting ^{mentioned}
Rs 123629 above noted is Rs 53494
only. If additional funds are
not forthcoming, there is no
other alternative than to re-
duce the grant proposed for each
of these items.

b. A sum of Rs. 55,000 has
been provided in the Current
Year's budget for the Construction
of the new Women and Children's
Hospital at Madras. Two
months of the official year
have expired and nothing
has been spent, as the estimate
for the work has not yet
been sanctioned, and the question
of site is still under Con-

sideration

Therefore the grant
to one lac - for the
work -

If more money is wanted
for incomplete works in
which some work has been
done, I suggest the grant
for work not commenced
and for which estimates
have not yet been submitted
under items 8, 12, 13,
of the budget, and if

There is not enough
the grant for
items 14, 29, 35, 42,
and 55 must be
reduced - Rs 20000
may be taken of
the last number -

consideration of the Government
of India. It may perhaps be
considered whether this grant
in whole or in part should -
not be appropriated for im-
mediate demands. If this be
done, all the incomplete works
and some of the new works
can be provided for thus -

With reference to your query against para 2 of the note, it is submitted that the items therein quoted refer to the statement submitted with the note, the corresponding budget items being respectively NR.53 and 54 of Class A works.

* Total demand for incomplete works — Rs. 305,155
Deduct demand for works for which no appropriation is necessary, vide para 4 (a) to (c) of note — 37,914
Net amount required — Rs. 267,241

2. The demands for incomplete works with the exception of those for which no appropriations are necessary, amount to Rs. 267,241.

3. The amount available for distribution is Rs. 2,50,123 as shown below: —

Reserve ————— Rs. 1,70,768
Add: Amount specified in para 2 of note ————— 6,355
- do - the amount to be withdrawn from the grant for women and children's hospital, para (b) of note ————— 55,000
- do - do - from the grant for budget items 8, 12 & 13, para (b) of note ————— 18,000
Total — Rs. 2,50,123

4. A further sum of Rs. 17,118 only will

will thus be required to comply with the demands for incomplete works. This can be met either by reducing the grants for budget items Nos 14, 29, 35 and 42 as shown on the margin, or by reappropriating Rs. 20,000 from the grant for item No. 57.

5. Orders are therefore solicited as to which of the above two courses should be adopted.

I think we should
rather take the 20,000
off the grant for No.
