GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 27th July 1891.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1890-91.

2. *Accounts.*—The cash realizations amounted to Rs. 27,545-3-7, and were Rs. 567-14-3 less than in the previous year, the falling off being chiefly in receipts for printing and binding, and in sales of publications. Under Adjustments there was an increase of Rs. 5,974-14-10. The total receipts were Rs. 53,297-13-10, against Rs. 47,890-13-3 in 1889-90 (see statement No. 1).

3. The budget grant for the year was Rs. 2,11,000, the total expenditure being Rs. 2,31,754-13-11 against Rs. 2,13,747-4-2 in 1889-90. The increased expenditure was incurred under the following heads: establishment Rs. 6,000, overtime Rs. 1,300, materials Rs. 3,300, and Public Works Workshop charges for engine room Rs. 8,600.

4. *Profit and Loss Account.*—The balance to credit on this account is Rs. 15,638-0-7 (see statement No. 2). The explanation given in paragraph 6 of last year's report will account for the great difference between this and last year's balance.

5. The statement given below shows the cash disbursements, book debits and the percentage which the working expenses of the several departments bear to the subsidiary expenses. The percentages were lower in all the departments when compared with the preceding year.

9. *Bills checked and passed for payment*.—During the year 435 bills were checked amounting to Rs. 99,249-9-3, against 439 bills for Rs. 1,02,265-9-8 in the previous year. Increased printing at private presses was incurred by the Collector of the Nilgiri district, the Board of Revenue (Land Revenue) and (Rev. Settlt., L.R. and Agriculture), the High Court Appellate Side, the Inspector-General of Police, the Commissioner for the U.C.S. Examinations, and the Consulting Engineer for Railways (see statement No. 7).

10. *Printing*.—With the exception of the printing of the census enumeration books, the work done during the year was of the usual descriptions. Progress was made with the volume II., part I., of Dr. Hultzsch's South Indian Inscriptions and it is near completion; Mr. Rees's "Tours in India," and the minutes, speeches, &c., of His Excellency Lord Connemara were printed. The expenditure for printing, binding and paper for the third volume of the Manual of Administration was Rs. 7,628-11-1, bringing the total cost to Rs. 48,187-15-1. The printing of the census enumeration books commenced in August 1890 and was finished by the middle of February 1891; the issues were—407,431 books containing 10 to 100 schedule leaves, 1,582,127 loose schedule leaves, 66,136 householder's schedules, and 145,995 specimen schedules, block lists, abstracts and dockets; 5,335½ reams of badami royal and 295 reams of cartridge papers were used.

11. The value of the work printed was Rs. 2,22,758-7-0, against Rs. 2,18,017-7-5 in the preceding year (see statement No. 3). The apportionment of expenditure is shown in statement No. 4, and the value of work done for all departments is given in statement No. 5.

12. There was an increase of 4,570 pages of solid matter, a decrease of 1,161 pages of half tabular, and an increase of 1,503 pages of full tabular matter set up during the year; there was also an increase of 2,938 remade-up pages. Reduced to an equivalent of pica foolscap folio, there were 8,366 pages more than in the preceding year (see statement No. 6).

13. There was a very great falling off in the number of impressions struck off during the year; for years past there had been a gradual increase, but in 1888-89 and 1889-90 there were exceptionally large increases in the number of impressions for the district officers. At the Government Press the reduction of 1,192,762 impressions this year arises from a change made in the method of counting the impressions struck off for certain descriptions of work when more than one set of types or stereotypes are used, and in the reduced issue of Acts and bills to district officers. At the Penitentiary Branch a reduction of 9,202,258 impressions was effected by the change stated above, and the further difference of 21,120,245 impressions is accounted for by a closer check being made into balances of forms in hand before indenting, the result of the enquiry into the reduction in quantities of stationery used by different offices as stated by the Superintendent of Stationery in his letter No. 1264, dated 11th August 1890, and embodied in G.O., dated 4th December 1890, No. 908, Financial.

14. There was a small increase in the cost per page, but a much larger one in the cost of impressions, caused by the overtime charges incurred during the printing of the census books, an additional charge of two hours' overtime for each issue of the Gazette owing to the late receipt on Tuesdays of the weekly abstract of season reports, and by the reductions in copies stated in the preceding paragraphs. The urgency of season papers for the Settlement Department and the Revenue Secretariat adds to the overtime charges in the composing departments.

16. There was an increase of impressions only in 26 departments, but these call for no particular remarks as the quantity was not very great and the total impressions of the year were so much below the preceding year.

17. Steam power for driving the printing machines was used for the first time on the 20th October 1890.

18. *Binding.*—There was a reduction in the number of books bound in sheepskin, in calico and in marble paper covers; in other respects the quantity of work was about the average. The value of the binding was Rs. 24,839-6-6 against Rs. 24,110-10-1 in the preceding year (see statement No. 3).

20. *Establishment.*—On the last day of the official year there were 9 clerks, 265 printers on the permanent and 384 on piece-work, 100 binders, and 27 casters in the Government Press; at the Penitentiary Branch there were 17 printers on the permanent and 16 on piece-work, and 34 binders—total 852 employés. At the end of the preceding year there were 827 employés.

21. *Earnings of Compositors.*—The average monthly earnings of the compositors were Rs. 15-5-3 at the Government Press and Rs. 11-12-0 at the Penitentiary Branch; in 1889-90 the averages were Rs. 15-13-5 and Rs. 10-3-4 respectively. Five compositors in the Government Press earned over Rs. 30 per month, 22 over Rs. 25, 65 over Rs. 20, 123 over Rs. 15, and the remainder below that amount. At the Penitentiary Branch 1 compositor earned over Rs. 20, 2 over Rs. 15, 7 over Rs. 10, and the remainder less than Rs. 10.

22. *Convict labour.*—Owing to the falling off in impressions there was a reduction in the number of prisoners employed. The average daily attendance of prisoners was 162 adults and 4 juveniles, against 177 adults and 9 juveniles employed in the preceding year.

23. *Service registers.*—The service registers of the permanent establishment were written up to date during the year.

24. As stated in the second sentence of paragraph 26 of last year's report this report has been prepared in the manner indicated, and the wishes of Government have been carried out. In last year's report the distribution of the miscellaneous charges was erroneously made and an excessive charge was debited to the Penitentiary Branch; this has been put right, so that a correct comparison can be made of value of work done and expenditure in both years (see column 6 of statement No. 3).

25. *Replies to G.O., 21st April 1891, No. 318, Public.*—The new form of register of subscribers to the Gazette has been introduced. There is no difficulty in distributing the charges for stereotyping to the several departments, and they have been distributed this year instead of showing them under a separate heading. The arrears due by the manager of the Kallikót estate have been recovered. The item referred to in paragraph 9 of the G.O. is shown on the credit side of the account, "By Gazette, Rs. 3,883-0-2."

From T. W. RAWLINS, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 21st March 1892, No. 842.

I have the honour to forward the report of Mr. J. L. Pinto, Chief Superintendent of my office, on the audit of the accounts of the Government Press for 1890-91. The report calls for no special remarks from me.

ENCLOSURE.

From J. L. PINTO, Esq., Chief Superintendent in charge of Outside Audits, to the Accountant-General, dated Madras, 9th March 1892.

I have the honour to submit my report on the audit of the accounts of the Government Press for the official year 1890-91.

2. The audit, as usual, was conducted in the following order:—

(a) The entries on the receipt side of the cash book were checked with (1) the counterfoils of receipts granted by the Press, (2) with the Accountant-General's books in the case of amounts drawn from Government, and (3) with the Advertisement bill book for sums realized on account of advertisements inserted in the Gazette.

(b) The entries on the expenditure side were checked with original documents and vouchers—(1) remittances of collections to the bank, with the bank's receipts, (2) establishment charges, with the acquittance rolls, (3) contingent charges, with the contingent register, (4) postage charges, with the despatch book, and (5) refunds, with the acknowledgments of the payees.

(c) The day book entries were checked as follows:—

(1) Plant and stores received from the Secretary of State, with the value adjusted in the books of the Accountant-General.

- (2) Stores received from the Superintendent of Stationery, with a statement furnished by that officer in accordance with paragraph 2 of G.O., dated 19th April 1886, No. 821, Public Department.
- (3) Service postage expended in transmitting Gazettes to Government officers and Press correspondence, with the service postage book.
- (4) Service postage due to subscribers on the 31st March 1891 for Gazettes yet to be posted, with the subscribers' register.
- (5) Value of convict labour, with the statements furnished by the Superintendent of the Penitentiary.
- (6) Cost of repairs executed at the Penitentiary and Public Works Workshops, with reference to bills received from those places.
- (7) Payments by customers into District Treasuries, with treasury receipts.

(d) The cash book entries for the whole year and those of the day book for May, August and December 1890 and March 1891, were traced into the monthly abstract or journal.

(e) Lastly all the entries from the monthly abstract, and in the case of personal accounts all entries from the cash book and day book, were traced into the ledger. The aggregate of the personal account balances, it was also noted, agreed with the balance of the personal ledger account.

6. The net result of the year's working was a profit of Rs. 15,640-0-4 as shown in these statements, which exceeds the amount recorded in the books of the Press by Rs. 1-15-9. This was principally due to the fact that two items of Rs. 1-11-0 and As. 4-6 were erroneously shown under "Acts" instead of under Gazette, and though the latter item was afterwards transferred to the correct head in the cash book, the monthly totals were not corrected.

7. The arrear sum of As. 8 referred to in paragraph 4 of G.O., No. 318, Public, dated 21st April 1891, was duly recovered from the Manager, Kallikot Estate, and credited in the cash book on the 15th June 1891.

8. The following irregularities have been noticed during the course of my audit:—

(1) On the 31st December 1890, a copy of Mullins' Manual was sold, but its full value was not credited in the cash book. It is, however, explained that Rs. 2-12-0 is still due by the purchaser, and will be recovered.

(2) A sum of Rs. 4, received on the 1st October 1890 from the Secretary, Wilkinson Law Library, Calicut, as subscription for the Gazette Supplement for two quarters, was erroneously shown in the Superintendent's cash book and returns under "Subscriptions to the Gazettes" instead of under "Subscriptions to Supplements," &c.

(3) The correct amounts received in the Presidency and Mofussil on account of discount on remittances were Rs. 31-12-2 and Rs. 13-1-2, respectively, and not Rs. 32-0-2 and Rs. 12-13-2 as shown in the Superintendent's Profit and Loss Statement.

ORDER—dated 28th June 1892, No. 442, Public.

The foregoing reports on the working of the Government Press and the audit of the accounts for 1890-91 together with the explanations of the Superintendent in connection therewith are satisfactory; but the Government considers that the use of the term "value" should be discontinued, the word "cost" being substituted. Work, the cost of which is recoverable, should be dealt with in accordance with the instructions laid down in paragraph 6 of G.O., No. 441, Public, dated 20th May 1889, the percentages added and the resulting value being given. The profit and loss statement is of no value and may be discontinued; and the cost of paper issued from Press stores may be disregarded as suggested by the Superintendent.

2. Compared with the preceding year, the actual receipts were .06 lakh higher, chiefly on account of printing Municipal and District Board Proceedings.

3. The cost of printing for all departments including overtime rose by .06 lakh, as the total number of pages made up exceeded that of the previous year by over 11,000: the cost per page was 2 pies higher at the Government Press and 1 anna 5 pies less at the Penitentiary. Nevertheless, there was no unreasonable increase in the work executed for any particular department (paragraph 15 of the Superintendent's report).

4. There was a decrease of .12 lakh in the cost of printing done at the expense of the Suits' Fund of the High Court, and this accounts for the apparent saving in the cost of work executed at private presses.

5. The total number of impressions fell by no less than 33½ millions, being the result of certain economical arrangements introduced during the course of the year, and explained in paragraph 13 of the Superintendent's report. As, however, the charges for machinery, stores and plant increased, the cost per forme of 1,000 impressions was higher, being 3½ annas more at the Central Press and 4½ annas at the Penitentiary.

6. Additional plant and printing materials were purchased for .04 lakh. The introduction of steam power for working the presses from the 20th October 1890 raised the expenditure by .086 lakh more.

7. Very good progress was made in the work turned out by the Type Foundry, 26,000 lb. of metal having been cast during the year against 19,000 and 12,000 in the two preceding years.

8. The Superintendent's attention is drawn to paragraph 8 of the Auditor's report.
