The revised forms of the Finance Accounts recently introduced by the Government of India do not require the exhibition of details of works and repairs i.e. the information given in Parts III and IV of the finance accounts of year 1888-89 (pages 4 to 31 and 34 to 46) will not be required in future finance accounts. Please therefore let me know whether the Parts III and IV above referred to should still be prepared by me and sent to you with the finance accounts for 1889-90 & future years for the purposes of your office. You may require them for the administration report, for some other purpose.

EXAMINER, P. W. ACCOUNTS.

Madras, 9 June 1892.

OFFICE NOTE No.

To

W.

1286
3

With reference to your office
note No. 3042 C, dated 15th. July 1890, I
beg to refer, for favour of reconsidera-
tion, the question whether the submis-
sion of Appendices A and B to the An-
nual Finance Accounts cannot now be dis-
pensed with. These statements entail
much labour in compilation in this of-
fice, setting aside the cost of printing,
and they throw upon Executive Engineers
offices the preparation of greatly de-
tailed schedules of expenditure for au-
dit; and, unless they serve some purpose
in your office or in that of the Joint
Secretary to Government P.W.D. Irriga-
tion Branch which cannot be obtained in
some other way, (e.g. reference to Super-
intending Engineers progress reports,
for instance, or by calling specially for
information, in special cases) their abo-
lition appears desirable.

2. These appendices used formerly
to be prepared for the Government of In-
dia: They were however given up by that

Government in respect of Irrigation in 1879-80, see Government of India Circular No. XV of 13th. April 1880, and in respect of Buildings and Roads in 1889-90, see Government of India Circular No. VI.P.W. of 11th. July 1890; but the Irrigation statements were reintroduced at the instance of the local Government in 1886-87, (see G.O. No. 118 I. of 15th. February 1887) and the Buildings and Roads Statements in 1889-90, see your office note No. 3042 C. of 15th. July 1890.

3. I may add that special temporary establishment has been employed from year to year for the preparation of these appendices, and unless their abolition is authorized, sanction is solicited to the entertainment of the following temporary establishment:

2 clerks at Rs. 20 for 3 months
2 „ at Rs. 20 for 5 „

If the statements are not required this establishment will not be necessary.

4. The favour of early orders is requested, as if the statements for 1891-92 have to be prepared they should be put in hand at once.

Note for Hon. Member

1788/4

In June 1890 the Examiner asked whether these statements were necessary, and was informed that they were.

Hon. Colonel Drake. Frockman arrived at this opinion I cannot say. The information contained in them is very rarely wanted, and if it is, is on record in the Examiner's office as well as in those of Executive Engineers.

Their existence

may save at most
a few hours delay
in obtaining informa-
tion half a dozen
times in a year.
