SIR,

With reference to your No. dated 1892

ENCLOSURES.

I have the honor to request that an authoritative ruling be pronounced on the subject of the application to my individual case of the Civil Service Regulations Article 346 (b) in the event of my engaging for permanent service under the Government of India. In this event I become at once subject to the "Civil Service Rules" and the article above quoted becomes applicable to me.

2 It appears to me there are two doubtful points in the reference made, the first general and the second purely personal as follows

- (a) It is not distinctly stated what are the limitations of furlough allowances in the case of an officer who entered civil employ before the 1st April 1888 but it seems to be inferred that they are the same as in the case of a Covenanted Civil Servant.
- (b) Whether I am considered as coming under the category of "Officers who entered civil employ before 1st April 1888"

3 With regard to "b" I may state that from July 1884 to June 1888 I was employed as Officer in charge of the Submarine Defence Campoon and attached to the Local Public Works Dep^t and graded and paid as 2nd grade assistant Engineer (superannuated). On handing over charge of this appointment after some correspondence it was decided that I belonged to the Public Works Department and I was taken on the establishment of the Department in Madras. It being ruled that I should be considered to have joined the Department in July 1884, this was afterwards altered to January 1884. It has occurred to me however that it might be held that my term of service in Bedonk was not "Civil Employ as Submarine Mining" is a branch of Engineering distinctly Military. I would however urge that I have suffered from the disadvantages due to Civil Employ viz. slow promotion and non-employment on field service and further that it was decided without any application from me that I belonged to the Public Works Department and I would ask that it be ruled that the term "an officer who entered Civil Employ before the 1st April 1888" is applicable to me.

I have the honor
to be Sir

Your most obedient Servant

Forwarded for disposal.
