Sir

I have the honor to request you will be so good
as to make immediate arrangements for scraping and
whitewashing the inside of all the wards, workshops and
latrines of the jail as the medical officer has suggested
this to be done before the jail can again be reoccupied
by the convicts who are now out in Camp. The whole
of the Central Jail building will be vacated to day,
so that the work can be commenced at once. The
Cost of the work could be met either from your own
allowments for urgent repairs or I will ask the Ins-
pector General of jails to grant the money from
our department.

Remarks by Sir Henry Stokes K. C. S. I
d/ 6 June 1892.

I think this should be approved and transferred to the Public Works Department. The money must be covered by allotment in the Public Works Department and not by payment as between Jails and Public Works Department. I do not think there was any necessity to send the estimate to Government at all. The Superintending Engineer could sanction it and he has lump grant for such works.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

Letter from the Inspector General of Jails, dated 25th May 1892
NO. 2344.

I have the honour to submit for the sanction of Government the enclosed estimate for Rs. 610 received from the Superintending Engineer Vith Circle, for urgent repairs, viz scraping & whitewashing etc. carried out in the Central Jail at Trichinopoly.

2. These repairs were necessitated by the recent outbreak of Cholera in the Jail and as they had to be finished before the prisoners returned from camp, free labour had to be employed in their execution.

3. The Superintendent reports that the work has been finished to his satisfaction.

ORDER, 10th June 1892, NO. 648 (Routine)
