27TH OCTOBER 1890, No. 2838 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From C. M. SMITH, Esq., Executive Engineer, Godavari Eastern Division, to the Superintending Engineer, I Circle, dated Dowlaishweram, 4th August 1890, No. 352 S.

With reference to your No. 865 G.D. of 30th July 1890, on G.O. No. 1931 W. of 17th July 1890, I have the honor to state that no orders have been passed by Government on the question raised in para. 2 of your No. 566 G.D. of 21st June 1890, as to whether there should be any change in the percentages charged according to G.O. No. 371 I. of 25th May 1886.

2. As the establishment of Dowlaishweram workshops, repairs to buildings, machinery, &c., will be charged to Provincial from 1st April 1891, I think delta and other works * should be charged 12½ per cent. † on this account in addition to 2 per cent. for general charges from next official year.

* Other than "Provincial."

† This will cover direct and indirect charges of the shops.

3. Orders on the subject are requested.

No. 1073 G.D.

Copy submitted to the Chief Engineer, Public Works Department, for orders. The proposals of the Executive Engineer as regards the future percentage charges seem fair.

DOWLAISHWERAM,
23rd August 1890.

(Signed) J. W. MARTIN,
Superintending Engineer, I Circle.

Office-note from the Examiner, Public Works Accounts, dated 14th October 1890, No. 6108.

ORDER—dated 27th October 1890, No. 2838 W., Public Works.

It will be a general rule for all sub-divisional workshops that no debit shall be raised on account of percentages for works executed for the Public Works Department, but in the case of work done for other departments and private parties, a uniform rate of 25 per cent. shall be charged.

2. The distribution of general charges over works in hand will be left to the Executive Engineer, who may fix a small percentage subject to the Superintending Engineer's approval.

(True Extract.)

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Chief Engineer for Irrigation.

For material -

The last half
of 2nd class &
repeated brick might
I think be sold
but it seems hardly
right. Will you
please under take
the unsatisfactory
of 8 1/2 class for a
private individual

over
the

21, High Road, Nungambakum,

Madras, June 16th 1892.

From

W. N. POGSON, F.R.I.B.A.,
Architect.

Dear Mr. Irwin

I am told that
there is a surplus stock of
2nd class bricks available to
private purchasers. I want
about 8 tons for Spencer &
Co's building. A number
of ornamental bricks such
as splay, chamfered bricks
O.G. & roof for cornices &
window jambs. Will you
kindly let me know

and I would ask for orders in the subject.
There are, besides, over a lac & half of

whether I can purchase
these, & to whom I must
apply. I believe the Govt. bid
and too large, to make the
accepted No. 13 1/2, 2-3, 1-6 1/2
so on walls, but this matters
little. My contractor has
seen the bricks at the brickfield
& was told by the Manager
there, that I must write to
you personally.

Yours faithfully
W. D. Pogson.

ask J.D. whether he has any surplus
stock of bricks or of what class or
classes they are and whether they might
with advantage be sold W.D.

P. W. D.

Office of the Consulting Architect to Govt.,
Chepauk, Madras,

21st June 1892.

No. 874

From

Henry Swin, Esq., C.I.C.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer

Public Works Department

Sir,

I have the honor to forward a
letter from Mr. W. A. Pogson asking whether
a lot of bricks could be sold to him from the
Government Brickfields. I could not think it
prejudicial to the Government works manufacturing
the Bricks and sell them at rates which would
cover cost of manufacture and establishment.
It would at the present time be an advantage
to do so, as very few works of magnitude requiring
a full supply of bricks are now in
progress and it would be better to fully
employ the labour & establishment. There
may however be objections to this course
and I would ask for orders on the subject.
There are, besides, a lot & half of

Go

second class and rejected bricks which I would
request permission to sell as there is no use
for them, they are the accumulation of culls
from the kilns for some time past

I have the honor to be
Sir

Your most obedient servant

Henry Jones
Consulting Architect
to Government.

P. W. DEPARTMENT.

Read the following:-

Letter from the Commr. Architect to Govt.
No. 874 dated 21st June 1892.

FOR ORDERS.

In March 1886, the
Consulting Architect was
allowed to sell to
Messrs Orr and Son
500 face bricks at
an advance of 24
per cent on the cost
of production, and
sanction was sub-
sequently given to the
sale of bricks and
tiles for the Christian
College, the Town Hall,
and the Municipality
at an advance of only
7 1/2 per cent, in con-
sideration of the semi-
public character of

the works on which
the materials were
to be used.

2. In reply to another
requisition from the
Municipality for a
continuous supply of
bricks, the Govt.
directed the levy of $\times$ G.O. 1272 Wd 20 May '86
25 per cent on prime
cost.

3. The present application
is on behalf of Messrs
Spencers and Co. If
the supply is sanctioned,
the additional charge
might be fixed at
25 per cent, in ac-
cordance with the
rate adopted in
G.O. 2838 Wd dated 27th
October 1890.

The Govt. and a full
of second class and
rejected bricks might
I think be sold, but I
question the propriety of
selling 8 1/2 tons of good
bricks to a private firm.

I agree. I don't think sales to
private persons from the Govt. bricks
should be allowed.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the (Mysr) Architect (H.E. No. 874 d/21. VI. 92)

187/6

The Consulting
Architect is authorised
to sell to the best
advantage the
second class and
rejected bricks which
cannot be utilised
on public works,
but the Government
is not prepared to
sanction the
manufacture of
bricks expressly

for sale to private
persons.
