NOTES.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.
PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the sanctioned scale for the time being and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to Government for sanction (paras. 25 and 26).

2. In the column "average or fixed" value, not mean value, should be given.

3. The financial value should be calculated for successive appointments be calculated.

(1) If the period of appointment is maximum is 5 years, the minimum appointment three for the first three years, the minimum Art. 16.

(2) If the period in the column should be entered for the first three years exceeds the minimum follows:

$$\begin{aligned} 6 & \text{ as } \frac{2}{3} = \frac{4}{6} \\ 7 & \text{ as } \frac{2}{3} = \frac{4}{6} \\ 8 & \text{ as } \frac{2}{3} = \frac{4}{6} \end{aligned}$$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

P. W. D. FORM,
No. M 184.
