From

To
The Secretary to the Commission of Land Revenue, Madras.

Sir,

In reply to Board's Proceedings No 62 dated 10th February 1892, I have the honor to state that I consider the proposed arrangement a most unsuitable one. It is charging the Munsiff with a duty of a menial nature utterly derogatory to what should be his proper position. If it is intended merely that he should undertake a nominal supervision and that the work of a watcher (keeping the place cleaned &c) should be done by some one under his orders, there should be no objection but that would involve payment to some one, for the lower village servants are already overworked and underpaid and could not fairly be expected to undertake such work gratis.

SIR,

With reference to para 3 of G.O No. 878 W. dated the 17th March 1892, in th matter of watchers for Resthouses, in th Rushikulya Division, I have the honor to inform you that the Collector of the Ganjam District sends me in reply to my letter to him on the subject, copy of a letter No. 181/849 of the 23rd March 1892 which he a-dressed to the Secretary to the Commissio-ers of Land Revenue, and which I subm herewith for your information; in this lett he expressed his opinion to the effect tha the custody of Resthouses cannot be entrusted to village officials.

2. I may add that as the Resthous in question are in most cases a mile aw from any village, I do not think it wou be feasible for the village officials to lo after the Resthouses with any degree of

success, & I would strongly recommend that Government may be pleased to sanction separate watchers.

x Endt No 2770 of 16 March/92
Letter 101 d/1-4-92

In continuation of this office letters noted in the margin, and with reference to your endt No 69 of 10 instant on G.O. No 1362 W d/29 Ultimo, I have the honor to report that the Chief Engineer for Irrigation informed me yesterday that he would like the matter to be referred through him before any final decision is taken by Government as to whether watchers are to be removed from Canal bungalows & to be looked after merely by the village officials. I have, therefore, the honor to supply the following information regarding the bungalows in order to aid in arriving at a decision.

2. In G.O. No 1004 W d/10 April/91, watchers were sanctioned for the bungalows at the following 8 places.

Mahabalipuram

Mahabalipuram
Sadras.
Ennore.
Coromandel
Kistnapatam
Iskapalli
Kanaparthi
Ramapatam

and in my opinion the agency of the village officials cannot be substituted without great inconvenience and probable loss & destruction of Government property arising except possibly at Sadras and Kistnapatam, as I shall briefly explain.

4. The bungalow at Mahabalipuram is a public bungalow fully furnished with furniture, crockery &c & primarily built for the convenience of visitors to the Seven Pagodas. The watcher is really a butler, who arranges for supplies, which it is quite impossible to get in the locality, and looks after the property on the premises. If his services are dispensed

dispensed with, the bungalow cannot be kept up as a public bungalow.

1917

5. The Canal bungalow at Ennore is much used by Government Officers of all Departments. It is a smart & well kept bungalow with a large Compound & flower garden and a young Casuarina plantation recently formed to supply timber for Canal work. Without a watcher fences will most certainly be broken, the young plantation &c will be destroyed by goats, sheep & cattle & the surroundings of the bungalow will go to ruin.

6. At both the bungalows at Coromandel & Ramapatam tools and stores are kept, and a watcher is necessary to look after them.

7. The bungalows at Iskapalli and Kanaparthi are remote from a village, and, together with the plantations adjoining will be very liable to constant damage & thefts by passing boatmen, unless a permanent watchman is kept in the premises.

8 At Sadras & Kistnapatam the villages are close to the bungalows, and the latter might be looked after by the village officials, though the bungalows and their surroundings will of course deteriorate if this is done, and cannot be expected to be kept clean & neat, as they now are.

Sir,

With reference to the latter part of Para 1 of G.O. No. 1362 W of the 29th April 1892, I have the honor to inform you that I have ascertained from the Collectors concerned regarding the practicability of the charge of the several D.P.W. Rest houses being entrusted to the village officials who report as follows.

2. The Collector of Kistna states that the village officers are already pressed with too many duties to be able to satisfactorily attend to the care of public buildings, that the Local Fund Bungalows hitherto entrusted to them have been

neglected to their detriment, and the D. P. W rest houses will not fare any better.

3. The Collector of Nellore states that the matter is under enquiry with reference to a similar requisition from the Board of Revenue and if, on a report made by him, Government should decide that the rest houses should be taken care of by village officers, the buildings will be made over to them.

4. As for the rest houses on the Buckingham Canal, I enclose copy of Executive Engineer's letter No. 353 of the 24th Ultimo which fully explains the necessity for separate watchers.

5. Under the above circumstances, I am of opinion that the rest houses cannot be well taken care of except by separate Establishment of watchers maintained by our Department and to request that sanction of Government be obtained to the same. Until receipt of final orders, the existing Establishment is being kept on.

From J. Thomson Esq., Collector of the Chingleput District, to the Supdg. Engineer, 2nd Circle, No 809 Rev./1 d/10.6.92

1917/14

Replying to your letter No. 78 G.L./13.6.92 regarding the placing of the Buckingham Canal Bungalows in charge of village officers, I have the honor to state.

(1). I consider the bungalows at the Seven Pagodas, and at Ennore too valuable to be so bestowed.

(2) The bungalow at Coromandel is too distant from the residence of the village munsiff for him looking after it.

(3) The one in Sadras may be looked after by the village munsiff.

2. I have to point out that with bungalows in frequent use, as these I believe all are, any such arrangement as leaving them with the village munsiff is likely to give cause for complaint either from want of care on his part, or from his necessarily frequent absence

3.

3. Personally I do not wish my subordinates to have this duty assigned them.

4. And I refer you to the Executive Engineer's letter $\frac{2769}{16\cdot3\cdot92}$. If these bungalows contain valuable, or easily removable stores, I must decline to take charge of the one or the other if I am to be held responsible for their safety & proper keeping.
