Account.

READ—the following paper:—

From R. G. MACDONALD, Esq., Officiating Deputy Secretary to the Government of India, Public Works Department (Account-General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 1st July 1892, No. 170 A.G.

I am directed to acknowledge the receipt of your letter No. 1669 W., dated 2nd June 1892, soliciting sanction to the grant of imprests in excess of Rs. 1,000 to certain Public Works subordinates, and requesting that the rule in Public Works Department Code I. X. 3 may be relaxed so as to allow the Government of Madras to grant imprests in excess of Rs. 1,000 in the case of famine relief works.

2. In reply, I am to state that the Government of India prefers that when an imprest within the prescribed limits is found insufficient to meet requirements, the disburser should be furnished with a cash-book and supplied by the Executive Engineer with such funds as may from time to time be required. The imprest system is only suitable in cases where small payments have to be made by single individuals.

ORDER—dated 22nd July 1892, No. 2031 W., Public Works.

Communicated to the Superintending Engineer, III Circle, with reference to G.O., No. 1668 W., dated 2nd June 1892.

2. The imprests of the subordinates in the Kurnool division which are in excess of Rs. 1,000 should at once be reduced to that amount, and the Superintending Engineer will name the subordinates to whom it is considered advisable to entrust drawing accounts.

Proposals to increase imprests to over Rs 10000 came from Kalahasti & Chingleput ~~amount~~ last year; these were sanctioned by the P. H. vice papers put up.

This year proposals have been received only from the Kurnool Div. - These are from the returns in C₁ office, that there are no imprests from Rs 1000 in any other division of the III circle.

The latest return of imprests from Kurnool in C₁ office is that for May - in that month the imprests of over Rs. 1000 were the same as those

To orders.

The G. P. D. letter
apparently means that
Subordinates on relief
works should be allowed
drawing accounts when
the ordinary amount of
imprest is found in-
sufficient.

This will no doubt
admit of frequent pay-
ments being made, but
in case the Treasury
is at a distance from
the relief works, the
subordinate in charge
will have to draw a
large cheque on each
occasion to have enough
money on hand for
two or three days
payments. He will
thus often have a
large sum in cash
by him, & the advantage
of the drawing account

over the imp.
is not apparent
Drawing account will
moreover put it into the
power of a temporary
upper subordinates to
draw a cheque for
thousands of Rupees if
he is inclined to do so.

Mr. L. B. J. Allen
does not give the sanction
asked for in para 1 of
this office letter No. 1669
of 2.6.92 to the imp.
in case of limit-allowance
granted.

On
12.7.92

The imp. should be
reduced to Rs 1000 limit,
and the S.A. asked to
name the subordinates
in Rely works to whom
this unlimited authority
to trust drawing accounts.
