(By Order.)

(Signed)

R. G. MACDONALD,
Offg. Deputy Secretary.

From Major-General E. H. H. COLLEN, Secretary to the Government of India, Military Department, to the Adjutant-General in India, dated 13th June 1892, No. 1581 F.

Several cases have occurred in which special grants made for specific purposes during the currency of a financial year have been allowed, without warning of the probability that such a thing would occur, to lapse either in whole or in part, the objects for which they were made not having been attained during that year. Consequently, no provision has been made in the India Military budget estimate of the ensuing financial year on account of the unspent grant to meet the expenditure involved in completing those arrangements, the result being that funds provided for other purposes in the estimates of the new year have been encroached upon, or additional grants have had to be applied for after the estimates have been sanctioned.

2. In view to avoid the repetition of such undesirable reappropriations of funds or applications for additional grants, the Governor-General in Council has directed that heads of departments under the Military Department shall furnish the Government of India by the 31st of December in each year with a statement, showing what lapses are anticipated in any special grants made during that financial year, to enable them to consider whether any special provision should be made in the budget estimate of the ensuing year to meet the expenditure which should have been covered by the lapsed portion of such grants.

3. The statement will contain information on the following points:—

- (a) Object for which the grant was made.
- (b) Amount of grant.
- (c) Authority for the grant.
- (d) Amount actually expended up to date.
- (e) Further expenditure likely to be incurred up to the end of the year.
- (f) Probable total expenditure during the year, i.e., total of columns (d) and (e).
- (g) Amount likely to lapse.
- (h) Remarks whether provision will be necessary in the budget estimate of the ensuing financial year on account of the amount which is likely to lapse.

4. I am to request that, under the orders of the Commander-in-Chief, the Government of India may be furnished with such statements in regard to departments under His Excellency, the aid of the Controller concerned being obtained when necessary.

Copies of the foregoing forwarded to—

The Public Works Department with a request that similar arrangements may be made for information to be furnished as regards expenditure incurred or to be incurred by departments under that department chargeable to the Military or Marine estimates.

ORDER—dated 22nd July 1892, No. 2033 W., Public Works.

Communicated to officers of the Public Works Department concerned for information and guidance.
