READ—the following paper:—

G.O., dated 9th February 1892, Mis. No. 805, Revenue.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 11th January 1892, Mis. No. 263:—

Read—the following papers:—

Letter from the Collector of Tanjore, dated 23rd June 1891, No. 429.

Reference on the above, dated 30th June 1891.

As the Sivaganga garden has been permanently transferred to the municipality (vide G.O., dated 16th September 1889, No. 2584), the Collector is requested to report if the municipality agrees to his suggestion to locate the Collector's office in it.

2. It is also requested to report if the fort walls are of any antiquarian or architectural interest; it is presumed that they are of no value for defensive purposes.

Official memorandum from Government, Revenue Department, dated 26th November 1891, No. 251 R.

Reference on the above, dated 1st December 1891.

Forwarded to the Collector of Tanjore, for early report, with reference to Board's Proceedings, dated 13th October 1891, No. 3050 R. It is understood that Mr. Gibson left a memorandum on the subject for Mr. Winterbotham's information.

Letter from the Collector of Tanjore, dated 30th December 1891, No. 932.

Resolution—dated 11th January 1892, Mis. No. 263.

Submitted to Government with reference to G.O., dated 20th April 1891, No. 348.

2. The Board supports the proposals made in para. 9 of Mr. Winterbotham's letter.

3. With reference to para. 10, the Board does not think that either the Bellary or Nellore plans would be of use in the present case, both these cutcherries being more or less incomplete, while the Calicut plan would need modification to suit the climate of the East Coast. The Board recommends that the Consulting Architect be requested to prepare a plan. District Engineers are not as a rule good architects.

13TH FEBRUARY 1892, No. 459 W., PUBLIC WORKS.

Order—dated 9th February 1892, Mis. No. 805, Revenue.

The Collector's proposals supported by the Board are approved.

2. Orders will issue in the Public Works Department for the preparation of the plans and estimates as suggested by the Board.
